

RINSE AID FOR DISHWASHERS

PREMIUM QUALITY
MADE IN GERMANY

ECO SAUER

DISH RINSE AID "ACIDIC"

PROPERTIES

The acidic dishwashing detergent on a natural basis provides a shine on glass and dishes and prevents water droplets, stains and haze - for a streak-free dishwashing result. No build-up of residues or deposits on the dishes. Allows water to run off the dishes without beads or streaks water from the dishes and ensures a brilliant shine.

The product is extremely foam-absorbent and can be used with all water hardnesses.

APPLICATION AREAS

For dishwashers in the catering industry and large kitchens.

To achieve optimum results, we recommend using a dishwasher detergent such as e.g. ECO PLUS or ECO PLUS-CF.

APPLICATION

Application concentration in the rinsing liquor: 0.2-2 g/l.

The product can be dosed with conventional diaphragm pumps.

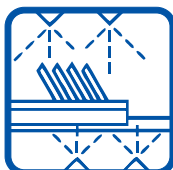

The dosing quantity depends on the machine specification and the water hardness.

It is 20-30 % of the dosing quantity of the machine rinsing agent.

The dosing system should be adjusted by a trained technician.

INGRIDIENTS

5-15 % non-ionic surfactants, alcohols, citric acid, solubilisers

pH-value (at 20°C)

2,5
