

GLOSS SYSTEM1®

PH - NEUTRAL FLOOR CLEANER

PROPERTIES

This highly effective alkali-free floor cleaner is optimally suited for the daily maintenance cleaning of coated floors. GLOSS SYSTEM1 cleans the floor without dulling the coating and maintains high gloss floors. A neutral cleaner for thorough and gentle cleaning of water-resistant floor coverings. The product dries streak-free and the pH-neutral formulation with a pleasant fresh scent is characterised by its high material compatibility.

- Neutral composition cleans effectively without clouding the shine
- Concentrated formula results in economical solution
- Effective, gentle and residue-free

APPLICATION AREAS

Suitable for cleaning all types of water-resistant floor coverings, e.g. tiles, stone floors, linoleum, PVC, rubber, etc. Especially adapted to coated floor coverings treated with ARCORA Floor Care Systems. Ideal for use with wet mopping systems and scrubber driers. Check material compatibility in advance. We accept no liability for damage caused by improper use.

APPLICATION

For manual maintenance cleaning:

Light soiling: Dilution 20-40 ml to 8 litres of water.

Normal soiling: Dilution 40-60 ml to 8 litres of water.

Heavy soiling: Dilution 60-100 ml to 8 litres of water.

Machine: For machine application, about 50-100 ml to 10 litres of water is sufficient. The cleaning and care solution can be used immediately and is effective.

REGULATION (EC) No. 1272/2008: The mixture is not classified as dangerous in the sense of Regulation (EC) No 1272/2008
