

SANITARY CLEANER

PREMIUM QUALITY
MADE IN GERMANY

SALPUREX 3IN1

URINE/LIMESTONE REMOVER AND CEMENT RESIDUE REMOVER

PROPERTIES

Recommended for use on all acid-resistant surfaces and materials in outdoor and indoor pools and other wet room areas. Thoroughly and reliably removes deposits, urine scale, limescale, rust deposits and cement residue.

- Radical cleaner based on hydrochloric acid
- Spontaneously effective due to high acidity
- Corrosion protection through inhibitor

APPLICATION AREAS

For quick removal of stubborn dirt and deposits, e.g. heavy limescale and urine scale. SALPUREX 3IN1 can be used for basic cleaning as well as for daily intermediate cleaning, e.g. in bathrooms with higher water hardness.

Do not use on all acid-sensitive surfaces such as marble, artificial stone, granite, chrome, enamel, zinc, nickel, aluminium, toilet lids, etc. Check material compatibility in advance. We accept no liability for damage caused by improper use.

APPLICATION

Pre-water areas well!

Basic cleaning: Apply undiluted or 1000 ml diluted to 10 litres of water to the surfaces. Depending on the degree of soiling, the cleaning fluid should be left to minutes, depending on the degree of soiling. Repeat the process for extremely dirty surfaces.

Intermediate cleaning: Dilution 200-400 ml to 10 litres of water.

After cleaning the treated surfaces, rinse off product residues thoroughly and carefully with sufficient clear water in order to avoid subsequent surface damage from residual acid.

INGREDIENTS

< 5 % non-ionic surfactants, < 5 % cationic surfactants, phosphoric acid, hydrochloric acid, complexing agents, inhibitors

CONTAINERS	ART.-NO.
1 L	01155
10 L	01137

Danger!

Contains phosphoric acid and hydrochloric acid.
Causes severe skin burns and eye damage.

- Keep out of the reach of children.
