

MOPPING SOLUTION

PREMIUM QUALITY
MADE IN GERMANY

CONVERT®

MULTIFUNCTION MOPPING SOLUTION WITH SELF-POLISHING EFFECT

PROPERTIES

Mopping solution based on water-soluble polymers for routine and intensive cleaning as well as for the initial cleaning of water-resistant flooring.

- Cleans and conditions in one step.
- Very good wetting properties.
- Self-polishing without building multiple coats.
- Prevents scuff marks, dirt-repellent and slip resistant.
- Low-foam; can be polished to a high shine.

APPLICATION AREAS

For all water-resistant floors such as PVC, rubber, natural rubber, linoleum, PU, sealed parquet, natural and artificial stone. Recommended for sports floors (tested to FMFA DIN 18032/2).

APPLICATION

Routine cleaning: Dilute 20–50 ml to 10 liters of water.

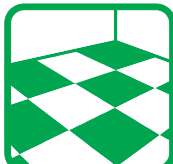

Machine use: Dilute 50–100 ml to 10 liters of water.

Treatment: Dilute 500–1000 ml to 10 liters of water. Apply to the floor with a damp mop, allow to dry and polish with a single disc machine with and polishing pad underneath.

Spray cleaning: Dilute 300 ml to 10 liters of water.

INGREDIENTS

< 5 % non-ionic surfactants, perfumes (Limonene), preservation agents (Benzisothiazolinone, Methylisothiazolinone).

pH-value in concentrate

7,5–8,5
