

WOOD SAFE

MOPPING SOLUTION FOR ROUTINE CLEANING AND CARE OF OIL- OR WAX-PRIMED WOOD AND PARQUET FLOORING

PROPERTIES

WOOD SAFE is a water soluble, high-wetting cleaning and care product for water-repellent flooring as well as for oiled parquet. The latest cleaning technology combined with classic waxes produces a new level of wetting ability.

- Good cleaning properties and care qualities
- Meets **DIN 18032/2** standards for the sliding coefficient of friction

APPLICATION AREAS

Mopping solution for routine cleaning and care of oiled or oil/wax-primed wood and parquet flooring.

APPLICATION

For a first application, we recommend a mixture of 2 parts mopping solution to 3 parts cold water (for example, 2 liters of WOOD SAFE to 3 liters of water). Apply evenly with a damp mop. Do not work wet. The product dries to a matte finish. The surface can be made even more durable with additional polishing.

For routine cleaning, a 5-10% solution is sufficient (50-100 ml diluted with 10 liters of water). Wet wipe only. Use only clean water for mopping. Depending on the wear of the floor, machine polish occasionally with a white disk pad.

Cleaner-procedure: Apply a thin layer of a 3-5 % solution (30-50 ml to 10 liters of water) and work dry mechanically with a white pad disc.

Spot cleaning: Work footprints and stains with a solution 1:2 (for example 1 liter WOOD SAFE with 2 liters of water) and with a non-scratching hand pad. Wipe with a damp cloth.

INGRIDIENTS

<5% nonionic surfactants, <5% anionic surfactants, <5% propan-2-ol, <5% amphoteric surfactants, METHYLISOTHIAZOLINONE, BENZISOTHIAZOLINONE.

- Before always read the indications and product information.
- For commercial / industrial use only!!
- Reusable containers

Attention

Causes serious eye irritation.

- Wear protective gloves/protective clothing/eye protection/face protection.
- Wash thoroughly after use.
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- If eye irritation persists: Get medical advice/attention.
