

ARCORA® INTERNATIONAL

SUNSHINE CLEANING & POLISHING PADS

ARPAD®
REINIGUNGS- UND POLIERPADS

ARPAD® TECHNOLOGY
NO CHEMICALS, ONLY WATER!

NEW TECHNOLOGY, BETTER CLEANING RESULTS

SUNSHINE STRONG PLUS No1+ / step 1+ / grain size 350 / dark brown

The very rough pad can be used for pretreatment of extremely stubborn dirt.

- Rough, greasy or very dirty surfaces
- Occasional use in hardship cases

Article-Nr.: ADP-350DBR
PU: 5x2 pieces in carton

SUNSHINE STRONG No1 / step 1 / grain size 400 / red

The coarse pad is used for heavy duty surface renovation. Intended for deep cleaning and a good starting point for the rest of the process.

- Rough, greasy or very dirty surfaces
- Process starter / Occasional use

Article-Nr.: ADP-400RO
PU: 5x2 pieces in carton

SUNSHINE MULTI No2 / step 2 / grain size 800 / blue

The medium pad can be used for deep cleaning. It produces a light reflective finish and is mostly used in large industrial and commercial applications.

- Very high traffic floors, dusty areas.
- Occasional deep cleaning / Daily for light gloss

Article-Nr.: ADP-1000BL
PU: 5x2 pieces in carton

SUNSHINE FINE No3 / step 3 / grain size 1500 / yellow

The fine pad is intended for both, daily polishing and cleaning. It's producing a clear reflective high-gloss shine.

- All floors / Maintenance
- Regular finish / Daily for high gloss

Article-Nr.: ADP-1500GE
PU: 5x2 pieces in carton

SUNSHINE FINAL No4 / step 4 / grain size 3000 / green

The very fine pad can be used wet or dry and will finish the four step process leaving a polish to your floor with an extreme shine-effect. Daily use will maintain and improve the polish and the shine.

- All floors / Cleaning and buffering
- Daily use for cleaning / Extra high gloss

Article-Nr.: ADP-3000GR
PU: 5x2 pieces in carton

SUNSHINE GOAL No5 / step 5 / grain size 8000 / olive-green

The ultra-fine pad will leave your floor with the absolutely highest shine and a luxurious character. Daily use will maintain and improve the high gloss mirror-shine.

- All floors / Extreme high gloss
- Daily use for a "mirror-shine-effect"

Article-Nr.: ADP-8000OL
PU: 5x2 pieces in carton

NEW TECHNOLOGY, BETTER RESULTS

The SUNSHINE pads include the latest ARPAD® technology to allow its use in every cleaning and polishing application.

APPLICATIONS

The pads can be used on Terrazzo, Marble, Granite, Concrete, Ceramic tiles, Vinyl, Plastic, Linoleum, Epoxy and Acrylic floors.

TAKE IT FURTHER

Keep your floor clean and shiny by using a pad that produces better cleaning results with less work. Forget about complex procedures and expensive systems, use your current machinery and just apply the right SUNSHINE pads.

EASY AND BRILLIANT

SUNSHINE pads are the ultimate solution for daily floor cleaning. Designed, engineered and tested for the very best cleaning results. Increase your efficiency, reduce costs and make your work easier!

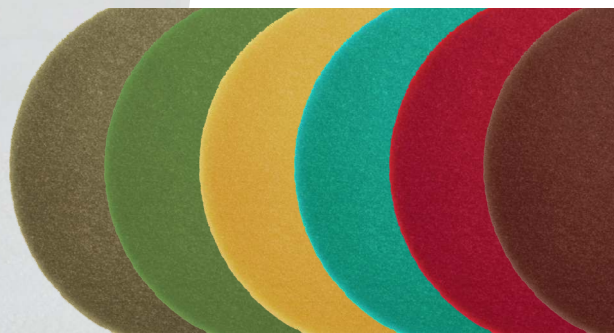

SAVE TIME!

Save working time on cleaning! By using the SUNSHINE pads on a daily base, ARCORA[®] has set new standards for efficiency and performance levels under any machine. It's simple, cleaning goes deeper, reduces the number of required passes and the need for any chemicals!

EVERY FLOOR, EVERY MACHINE

SUNSHINE pads can be used wet or dry under scrubber driers, single head machines, oscillating machines and 3 head machines.

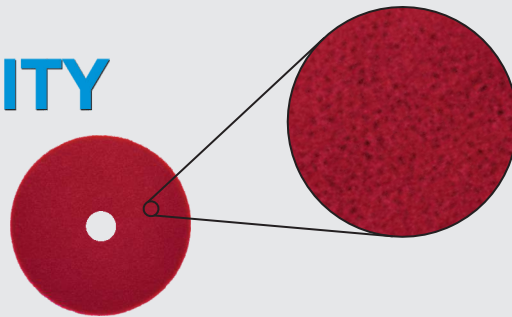

NEW ENGINEERED VERSATILITY

The biggest and most abused floors are no barrier for the SUNSHINE pads! You don't need to alter your program, just put the right pad onto your scrubber or burnisher and start working!

Airports, Super Stores, Hospitals, Hotels, Schools or High Tech Production Plants.
If the surface is right, SUNSHINE will maintain and polish it.

ARPAD® Technology: better than ever

- Open weave provides self-cleaning
- Thicker and stronger 20 mm pads
- Consistent finish in all surfaces
- Proven long lasting results
- Lasts at least 2,5 times longer

NO CHEMICALS, NO STRESS

With ARCORA® knowledge gained over 60 years we have produced a range of pads that work well under a wide range of machines and on a wide range of floors only used with water.

EXCELLENT PERFORMANCE – WET OR DRY USE.

Numerous possibilities:

- Scrubber driers
- Oscillating Machines
- Single Head machines over 40Kgs
- UHS Burnishers over 50Kgs
- Propane burnishers

No need to close large areas when working. Reduces cleaning time. No new machinery needed.

ALWAYS EVOLVING

The SUNSHINE pads are always evolving in order to achieve the best possible results and keep up to date with the latest technologies.

The SUNSHINE pads made with the new ARPAD® technology can optimize your results. You can use it on almost any type of floor cleaning machine and on almost any type of floor material. ARCORA makes cleaning easy and simple.

CONSERVATION- CONSCIOUS

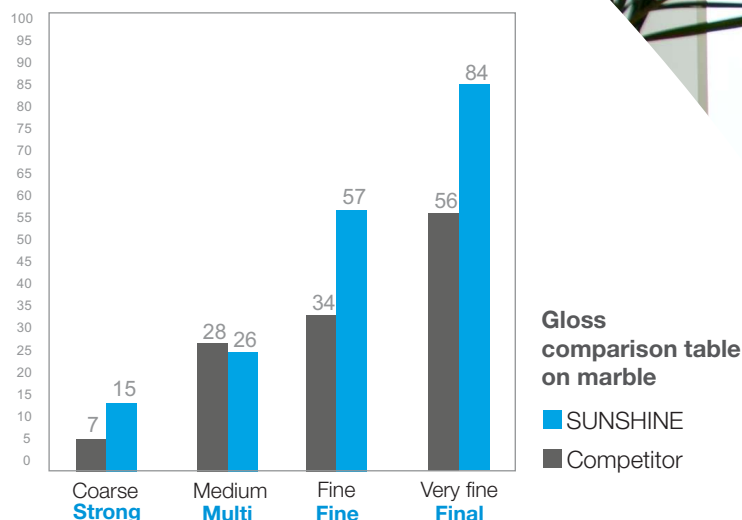

Protect the environment!

Forget about complex and unsafe systems, with SUNSHINE you just need water to keep your floor clean and polished, you don't need to use chemicals that may be very difficult to manage or even harmful. Plus you save a lot of energy by being more effective and cutting down on the required time!

Unmatched results using only water

Caring for the environment is much more than recycling! Optimizing the cleaning process with SUNSHINE means spending less energy and less time for the same job, with better cleaning results!

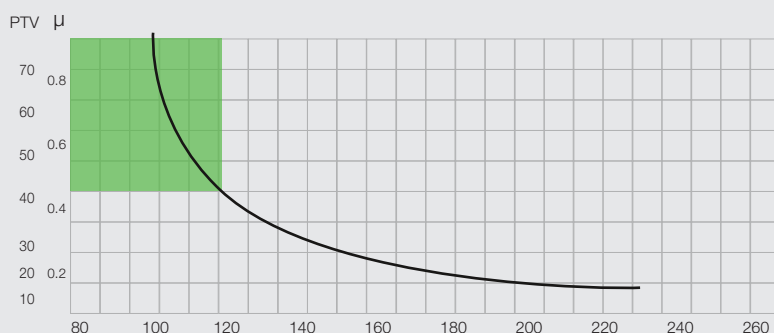

- Pads have a longer life = Less waste
- Clean with water = No chemicals
- No wax or polish work = Less Work
- Less passes = Less energy

LOW RISK OF SLIP

For wet and dry floors

Wet and dry testing is constantly taking place by ARCORA®. We guarantee a very low risk of slip after using the SUNSHINE pads.

■ Reading less than 130 = Low risk of slip

PTV = Pendulum test value
μ = Coefficient of Friction

BEAUTYFUL SAVE FLOORS

With SUNSHINE pads you keep the risk of slippery under control while improving the general look of your floors.

SLIP SAFE

Using the latest technology, ARCORA® works always on improving the results and the general safety of a SUNSHINE cleaned and polished floor.

NO CHEMICALS, ONLY WATER

The SUNSHINE pad system is incredibly versatile. It is chemical free and removes the need for expensive polymer finishes. SUNSHINE easily maintains often used terrazzo and stone surfaces using only water.

SHINY AND SLIP RESISTANT

Independent testing proves that a clean floor is safer. Avoid slippery situations and accidents while achieving the higher gloss levels and reflection. ARCORA® is constantly working to test its SUNSHINE pads in all sorts of floor surfaces.
