

WALES

CREAM HAND SOAP FOR SOAP DISPENSERS

PROPERTIES

ALIVE is a cream hand soap based on novel active cleaning agents with skin conditioning components and anti-bacterial ingredients.

- Possesses excellent foaming ability and is pleasantly perfumed
- Maintains the skin's pH balance
- Completely free of alkalis and solvents
- Does not cause corrosion when used in conventional soap dispensers
- Wastewater-friendly, fully biodegradable, water soluble
- Does not cause drain clogging

APPLICATION AREAS

Dispense the soap from a soap dispenser or from a bottle into the hands, thoroughly rub away the dirt, and rinse the hands under running water. If necessary, repeat the washing process.

APPLICATION

Moisten the hands, apply several squirts of ALIVE on the hands, wash, rinse and dry.

INGREDIENTS

Sodium laureth sulfate, sodium chloride, cocamidopropyl betaine, glycol stearate, MIPA laureth sulfate, cocoglucoside, glyceryl oleate, perfume, PPG-2 methyl ether, benzyl alcohol, 2-bromo-2-nitropropane-1,3-diol, iodopropynyl butyl carbamate, citric acid
