## Dear business partners,

The year is almost over and we can once again look back on a year full of highlights and challenges. The fact that we have continued to make it through a year marked by the pandemic is due above all to you. Together, we overcame the challenges and did our best. After things had looked like returning to normal in the summer and Corona had faded somewhat into the background, we are now once again having to deal with some limitations in our everyday life and once again have to overcome a period of stress and difficulty. But we look confidently into the New year...

Before we get started and inform you about what has been happening at ARCORA GROUP in the last few months, we would like to thank you dear customers from our hearts for this year's partnership. For having given us your trust and for having remained loyal to us.

In this spirit, we wish you a wonderful Christmas time, a happy and especially a healthy New Year 2022.

Stay healthy

Your ARCORA Team

## CSR 26001:2018 – THINK SOCIAL, ACT RESPONSIBLE

For ARCORA®, CSR (Corporate Social Responsibility) means more than a purely social component, contrary to the literal translation, and thus has a very high priority.

We aim to constantly improve our products and processes in order to be able to set up optimal solutions for more sustainability. For this purpose, we set ourselves goals that have a considerable influence on everything we do on a daily basis: In resource-efficient manufacturing, in the field of our responsibilities to employees, customers and providers, and across the entire area of our value chain.

The importance of sustainability is growing and is deeply integrated in the ARCORA® business philosophy. For ARCORA®, a company that believes in thinking beyond what is required of it, responsibility to people, the environment and the community is of great importance.

As an internationally oriented company, we have a special responsibility towards people, the environment and society. We live sustainability every day and define our attitude with the guiding principle: "Making a difference for generations". To this end, we orient ourselves to the Three Pillars Model in an effort to constantly improve:

- **Social sustainability:**  
We are committed to the people in the company and in society as a whole in the spirit of corporate social responsibility.
- **Economic sustainability:**  
Quality, service, innovation and other factors form the basis for us to grow continuously.
- **Environmental sustainability:**  
We protect the environment and natural resources in the production, distribution and consumption of our products.

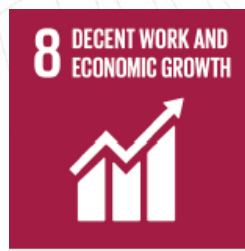

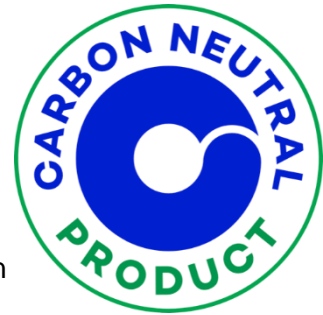

The ARCORA® GROUP is committed to acting with a sense of fairness and ethics in all its business dealings. It bears a special responsibility to employees, business partners, and suppliers, as well as to community and the environment.

## CARBON- NEUTRAL PRODUCTS

In April this year ARCORA has been certified as a climate neutral company. Besides of the company and the ARCORA PU-PAD, other products have now also been certified as climate neutral such as the microfiber mop covers MEDICAL BLUE and MEDICAL RED..

The carbon emissions are offset by climate protection projects in India and Turkey and UN sustainability goals are supported. You can find more information [here>>](#)

**MEDICAL BLUE**

Art.-Nr.: MED40BL | MED50BL

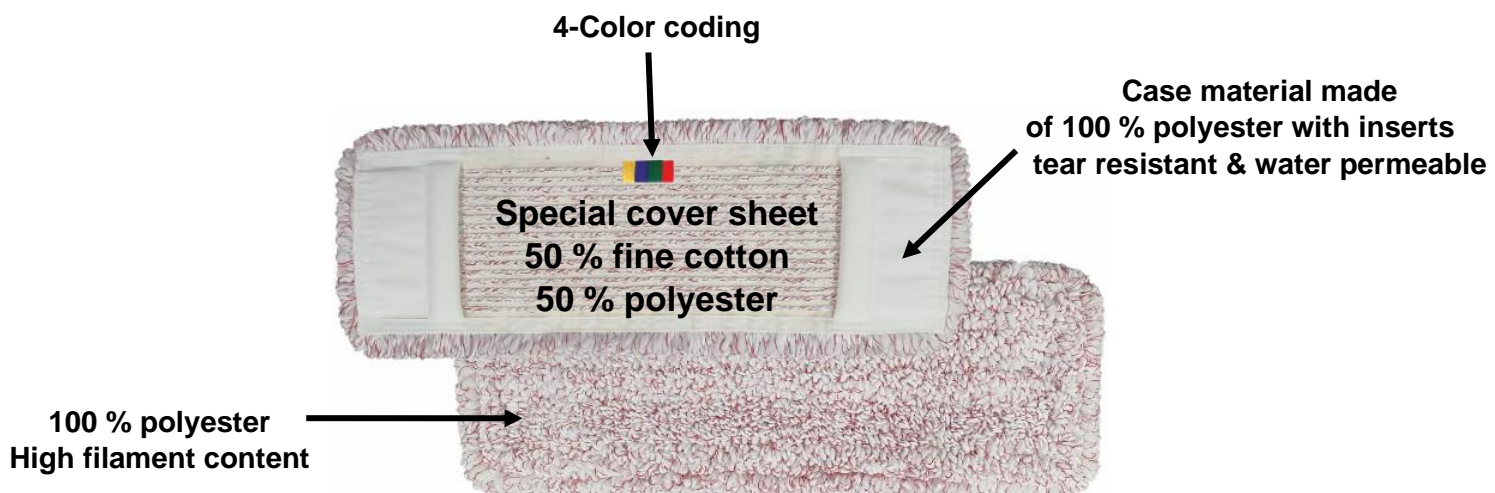

**MEDICAL RED**

Art.-Nr.: MED40RO | MED50RO

[For more Information click here>>](#)

[For more information click here>>](#)

The microfiber mop covers are remarkable due to a high filament content (continuous fibers) for their very high area performance. They also ensure excellent cross-linking of cleaning agents and sanitizers as well as ideal dirt absorption.

## NEW TOP PRODUCTS

### ARCORA® Chemistry MADE IN GERMANY

#### ANTI-FOAM

##### DEFOAMER

Cold and hot water resistant anti-foam concentrate for the revention of excessive foam formation in scrubber driers, water vacuums and spray extraction equipment.

- Foam formation in protective water tanks is reduced or prevented
- Collapses the foam and at the same time prevents new foam formation
- Economical in consumption, acts spontaneously
- For use in mechanical cleaning methods

Unit	Item No	PU
1 Liter bottle	01232	12x1 l

#### VINEGAR CLEANER

##### POWERFUL VINEGAR CLEANER

The acidic universal cleaner with limescale dissolving properties is an environment-friendly maintenance cleaner for all acid-resistant surfaces.

- Biodegradable surfactant and acid system
- For regular maintenance cleaning
- Cleans quickly, thoroughly and effortlessly removes limescale, water scale and soap residues

Unit	Item no	PU
1 Liter bottle	01255	12x1 l
10 l canister	01256	1x10 l

500 ml spray bottle	01225	20x500 ml

## ECO BLACK SERVICE TROLLEY

In our ECOBLACK LINE, recyclable material is processed into robust and durable plastic. This saves a large amount of CO2 compared to manufacturing processes with new materials.

The ECOBLACK 440, for example, is made of 97% recycled material. Further products of the ECO BLACK -LINE are planned.

The ECOBLACK 440 service trolley, the first service trolley of our ECOBLACK-LINE, made of recycled products, convinces with a robust and user-friendly design.

- 360 ° rotatable, smooth-running wheels
- 4 color separated 6 liter buckets in black with handles in blue, green, yellow, red
- 2 color separated 20 liter buckets with handle in blue, red
- Press in black
- Laundry/garbage bag in blue
- Waste holder frame with 2x70 liter separation
- Side tray for mop holder or broom
- Lid incl. tray for work plan

**ECO BLACK 440**  
**Item.-No.: EB440RC**

## CLEAN EURASIA EXHIBITION ISTANBUL

After a long corona-related break, we went to a trade fair again at the beginning of December. At the CLEAN EURASIA fair in Istanbul, the exhibition for cleaning equipment, facility management and services, we presented our innovative products and made a lot of interesting contacts. CLEAN EURASIA is one of the most important meeting points of the cleaning sector in Turkey, the Middle East and Europe.

ARCORA® was honoured as the best innovative company at CLEAN EURASIA.

## ANFAS HOTEL EQUIPMENT EXHIBITION ANTALYA

The next exhibition is coming soon. From 18-21 January 2022 ARCORA will participate again in the biggest HORECA fair in Turkey, the ANFAS HOTEL EQUIPMENT fair. Visit us at our booth in **Hall 2 | Booth 2J2** and discover our innovations such as the mop covers MEDICAL BLUE and MEDIAL RED and many more exciting products.

Many thanks for taking the time to check out the latest news at ARCORA® GROUP.  
Have a good time and stay healthy!
