

MELAMINE ROUND PAD

COMPRESSED WITH GREEN PAD

FEATURES

With the **MELAMINE ROUND PAD**, an area of 500 - 750 m² can be cleaned depending on the degree of soiling and surface condition.

Due to the friction movement or rotation, the shaft-edged pores of the melamine special foam can remove even the finest dirt from the pores of the tiles. Melamine foam is about 300x finer than microfiber.

APPLICATION

In combination with a single disc machine.

Always moisten the melamine pad disc before use. Set the lowest speed. Do not clean painted surfaces.

APPLICATION AREA

For removing dirt and old coatings from rubber floors, fine stone tiles, safety tiles and linoleum floors. Best results when used on Colorex PVC floors in clean rooms!

DETAILS

Article No.	Size	Units
MD254GW	10" = 256 mm	5 pieces
MD280GW	11" = 280 mm	5 pieces
MD305GW	12" = 305 mm	5 pieces
MD330GW	13" = 330 mm	5 pieces
