

WET-/DRY VACUUM CLEANER

WD 30

POWERFUL 30 LITRES
WET-/DRY VACUUM CLEANER WITH STAINLESS STEEL HOUSING

PROPERTIES

Due to its robust construction, the WD 30 wet-/dry vacuum cleaner is ideal for use in commercial cleaning, industry and workshops. Particularly suitable for building cleaning and rough cleaning. The integrated cyclone water separation system with reliable float switch-off clearly distinguishes the WD30 from other models of the entry-level class. A user-friendly and high quality 30 litre vacuum cleaner for professional wet and dry cleaning.

- high performance
- with stable stainless steel housing
- ideal price-performance ratio
- cyclone water separation system with reliable float shut-off
- easy to move due to wide chassis and long wheelbase
- the floor nozzle (360 mm) included in the scope of delivery can be converted from a wet floor nozzle to a dry floor nozzle by simply replacing the rubber lips or brushes

ART.-No.:	VPE:
WD30	1 SET

Incl. aluminium suction pipe (2x0.5 m), suction hose complete (2.5 m), wet floor nozzle (360 mm) with parking hook, brush strip (360 mm), crevice nozzle (230 mm), round brush, cyclone insert, HEPA 13-fine dust filter cartridge, fleece filter bag, power cable (7.5 m) black

TECHNICAL DATA

Mains voltage	230 V / 50 Hz.
Max. Power	1200 W
Noise level	76 dB(A)
Volume flow	48 litre / sec.
Max. negative pressure	230 mbar
Container material	Stainless steel
Volume	30 litre
Cable length	7,5 m
Length of suction hose	2,5 m
Diameter suction hose	32 mm
Diameter suction pipe	32 mm
Weight	8,9 kg
Size	42 x 38 x 63 cm
