

MICROFIBRE CLOTH

POLISH-LINE

MICROFIBRE CLOTH IN BLUE HIGH PILE - BORDERLESS

SPEZCIFICATIONS

yarn blend:	85% polyester 15% polyamide
weight:	ca. 62 g/cloth
size:	40 x 40 cm
units:	20 x 10 = 200 pieces

PROPERTIES

can be used to remove polishes and as a polishing cloth. Due to its pleasant, soft high pile, it has a high dirt absorption capacity.

Further properties:

- Without border
- Above-average service life
- Cost and time savings compared to conventional cleaning cloths
- Maximum absorption force of dirt and water

APPLICATION AREAS

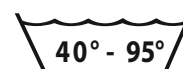

For cleaning any glass, lacquer or chrome surfaces.

Particularly suitable for use in public facilities, hotels, restaurants and pubs, airports, office buildings, etc.

The fluffy microfibre polishing cloth is ideal for car preparation and is ideal for polishing out polish residues, waxes, etc.

WASHING RECOMMENDATION

A washing temperature of 60 °C is recommended. A maximum washing temperature of 95 °C should not be exceeded. The use of fabric softeners and bleaching agents should be avoided. In general, it is recommended to wash only one type.

No fabric softener
and use bleaching agents
Washing by type
