Measurements:	40 cm
Weight:	ca. 160 g
UNITS:	75 pcs.
article-no.:	EHHPM40BL ● EHHPM40GR ●

SPECIAL FEATURES

The **Hospital Hygiene Plus mop** is optimally designed for use in the healthcare sector thanks to 4 high-quality yarn fibres (fine cotton, polyester, super microfibre, rayon fibre). Due to its good gliding properties, fatigue-free working can be guaranteed. The special tufting process firmly anchors the loops in the cover sheet, which gives the mop this high surface performance.

PROPERTIES

Its good gliding properties ensure fatigue-free working. The special tufting process firmly anchors the loops in the cover sheet, which gives the mop this high area performance.

- Very high water and dirt absorption
- Universally applicable
- Excellent price-performance ratio
- Long service life due to high-quality manufacturing process

APPLICATION

Can be used both dry and wet.

APPLICATION AREA

For maintenance cleaning of any surfaces. Particularly suitable for use in health care, clinics, retirement and nursing homes as well as public facilities.

APPLICATION AREA

It is advisable to wash the mop cover before use. A washing temperature of 60 °C is recommended. A maximum washing temperature of 95 °C should not be exceeded. The use of fabric softeners and bleaching agents should be avoided. In general, it is recommended to wash only clean fabrics. Do not exceed 80 °C when drying.

**Bag material made of
100% polyester with inserts
Tear resistant & water permeable**

Do not use fabric softener
Wash according to type
