Measurements:	40 cm	50 cm
Weight:	ca. 110 g	ca. 133 g
UNITS:	75 pcs.	50 pcs.
article-no.:	ERG40DBFC	ERG50DBFC

SPECIAL FEATURES

The **RUNNER GREEN DB-FC 2.0**, the **sprinter** among mop covers, thanks to the tightly woven microfibre yarn with **greatly improved mechanics** on the floor and **optimum cross-linking** of the cleaning solution. The high-quality woven microfibre enables **excellent dirt and water absorption** as well as a **higher surface performance** thanks to the composition of the yarn. The new PA (polyamide) lightweight bristles, which do not scratch the floor, make the mop cover a **smooth-running** sensation that ensures **ergonomic and fatigue-free cleaning and working**. The mop cover is the trend-setter for the cleaning industry. The top sheet and pockets are made from 100% woven polyester material. The sponge insert in the pockets supports the gliding of the holder.

PROPERTIES

- Smooth running sensation
- Improved mechanics on the floor
- Optimal cross-linking of the cleaning solution
- Ideally suited for preparation
- Excellent dirt and water absorption
- Higher area performance
- Long service life due to high-quality manufacturing process

**Fast and fatigue-free
to the optimum
cleaning result**

APPLICATION

Can be used both dry and wet on smooth, coated and uncoated floor coverings.

APPLICATION AREA

For maintenance cleaning, as well as wet and dry cleaning of any surfaces, such as resilient coverings, hard coverings, fine stoneware, stone floors, tiles, laminate floors and ideally suited for smooth and porous floor coverings. Optimal for use in health care, clinics, retirement and nursing homes as well as public facilities and building cleaning. The use of the **RUNNER GREEN DB-FC 2.0** in large laundries is particularly recommended. For this purpose, the mop covers can be equipped with intelligent RFID chip technology.

WASHING RECOMMENDATION

It is advisable to wash the mop cover before use. A washing temperature of 60 °C is recommended. A maximum washing temperature of 95 °C should not be exceeded. The use of fabric softeners and bleaching agents should be avoided. In general, it is recommended to wash only clean fabrics. Do not exceed 80 °C when drying.
