

BORA MEDICAL

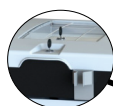

HYGIENE TROLLEYS

The BORA MEDICAL series was specially developed **for cleaning in the healthcare sector**. Both the **BORA MEDICAL 550** and the **BORA MEDICAL 750** impress with their stability and user-friendliness. 360° rotatable, easy-rolling wheels ensure optimum mobility. The enclosed system with lockable cabinets and covers allows safe storage of equipment and ensures safe and easy working. The 4 color-separated 6 liter containers are stored in the cabinet and invisible.

Structure of the BORA MEDICAL service trolleys::

- Frame in BLACK made from **environmentally friendly recycled products** to reduce CO2 emissions
- Plastic press in BLACK
- 2 x 20 liter buckets with handle in BLUE and RED
- 4 x 6 litre buckets with sieve for preparing the cloths with handle in BLUE, RED, GREEN, YELLOW, stored in the cupboard
- Lockable cabinet (key) with plastic tub in GREY and plastic box in GREY-TURQUOISE
- Lockable lid (key) with shelf (key)
- Shatterproof, very stable lockable doors
- Removable waste bag in TURQUOISE, with BORA MEDICAL 750 in a second lockable cabinet
- Side shelf for mop holder or broom
