MADE IN EEC

Seamless bottom surface to avoid tears & leakage of liquids!

The high-quality disposal bag offers enough space for transporting soiled textiles, mop covers or waste. It is made of **durable polyester**, which is both robust and durable. With the specially designed **seamless construction** of the bottom surface, the disposal bag can be filled without hesitation and without unwanted tears or leakage. Thanks to optimal dimensions and practical construction, the disposal bag can be conveniently attached to cleaning trolleys and used for hygienic disposal during daily cleaning operations. The bag is washable at 30-60° C, therefore **reusable** and, compared to plastic garbage bags, an **environmentally friendly and economical tool** that ensures order and cleanliness.

← Seamless bottom surface

PLASTIC GARBAGE BAGS

- Are mostly used as disposable garbage bags
- Cause huge mountains of waste
- It takes between 100 and 500 years for a plastic bag to slowly degrade into harmful small pieces (microplastics)

PREMIUM-LINE DISPOSAL BAG

- Tear resistant & durable thanks to seamless bottom surface
- Washable, reusable several times
- Environmentally friendly and economical
- Water resistant
