- High-quality, plush microfiber fabric
- High area output

APPLICATION

Can be used both dry and wet on smooth, coated and uncoated floor coverings.

APPLICATION AREA

For maintenance cleaning and deep cleaning of all surfaces such as elastic floor coverings, stone floors, hard floors, PVC floors, porcelain stoneware, tiles, laminate floors, sealed parquet (use only damp or dry!) and ideal for smooth coated floor coverings.

Especially suitable for use in industries, clinics, senior residences and nursing homes as well as public facilities.

Do not use fabric softener
Wash according to type

LAUNDRY RECOMMENDATION

A washing temperature of 45 °C is recommended. A maximum washing temperature of 90 °C should not be exceeded. The use of fabric softeners and bleaching agents should be avoided. In general, it is recommended to wash separately. Do not exceed 60 °C during drying.
