ULTRA MOBILE SPRAY MOP SYSTEM
Fast, efficient and bucketless cleaning!

PROPERTIES

The ULTRA MOBILE SPRAY MOP SYSTEM is suitable for professional use in areas such as hotels, shopping malls, schools, restaurants and other public areas where regular cleaning is required. Ideal for use in areas where effective and targeted cleaning is essential for a clean and hygienic environment.

The light weight of the ULTRA MOBILE SPRAY MOP SYSTEM makes it easy to handle and enables ergonomic, comfortable cleaning.

- No more lifting and carrying heavy buckets required
- No more long preparation necessary
- Ergonomic & easy handling
- High-quality velcro fasteners ensure safe fixation of the mop cover
