Shrinkage value:	3-4%	
Washing label:	Embroidery label in WHITE, printed on 2 sides	

Measures:	40 cm	50 cm
Weight:	approx. 155 g	approx. 200 g

Units:	75 pcs	50 pcs
Art.-No.:	EHQM40BL	EHQM50BL

SPECIAL FEATURES

The top sheet is made of 50% fine cotton and 50% polyester. In order to optimal absorbency of the cover, this mixing ratio is recommended. Many market competitors produce this cover sheet from 100% polyester. The material of the pockets is made of 100% woven polyester and reinforced with a sponge insert to support the sliding of the holder.

PROPERTIES

Mixed yarn cover offers above average durability thanks to its special tufting process whereby the loops are firmly anchored in the cover sheet. The mop cover convinces with very good gliding properties and high dirt and water absorption.

- Optimal dirt and water absorption
- The economical solution
- Very good gliding properties for fatigue-free work
- Tear-resistant and water-permeable polyester pockets
- Long service life due to high-quality manufacturing process

APPLICATION

Applicable both dry and wet on smooth, coated and uncoated floor coverings.

AREA OF APPLICATION

For maintenance cleaning of any surfaces, such as elastic coverings, hard coverings, porcelain stoneware, stone floors, tiles, laminate floors and ideally for smooth floor coverings. The mop cover is ideal for use in all areas thanks to the high quality yarn fibers (cotton, polyester, polyester microfiber) and cleans even heavily soiled floor coverings effortlessly.

WASHING RECOMMENDATION

A washing temperature of 60 °C is recommended. A maximum washing temperature of 90 °C should not be exceeded. The use of fabric softeners and bleaching agents should be avoided. In general, it is recommended to wash only single types. When drying, 80 °C should not be exceeded.
