ARCORA®
www.arcora-group.com

Sustainability is gaining increasing importance and is firmly anchored in ARCORA®'s corporate philosophy. For ARCORA®, a company that looks beyond the horizon, responsibility towards people, the environment, and society is of great significance. Sustainability has been a core value for us from the beginning. In all our products and processes, we consistently ensure that, in addition to economic considerations, we do not neglect social and environmental aspects, always acting with a future-oriented approach.

THREE-PILAR MODEL

We are an internationally operating company and bear a special responsibility towards people, our environment, and society. Sustainability is ingrained in our daily practices, guided by the principle: 'Making a difference for generations.' We align ourselves with the Three-Pillar Model to continuously improve. Thinking about tomorrow today and assuming responsibility towards people, the environment, and society is inherent in our company.

Social Sustainability:

In line with Corporate Social Responsibility, we advocate for the well-being of individuals within the company and society as a whole.

Environmental Sustainability:

We safeguard the environment and natural ecosystems in the production, distribution, and consumption of our products.

Economic Sustainability:

Quality, service, innovation, and other factors form the basis for our continuous growth.

FOR A LIVEABLE ENVIRONMENT, EVEN IN THE FUTURE!

As a company, we aim to make a contribution to counteract global climate change. Therefore, we have certified ourselves as a climate-neutral company and our products as climate-neutral. This involves offsetting generated CO2 emissions and supporting climate protection projects. We want to sustainably contribute to keeping our environment livable for the benefit of future generations.

CARBON NEUTRALITY - FOR THE SAKE OF THE ENVIRONMENT®

Direct and indirect greenhouse gas emissions are analyzed and reduced throughout our entire business process. We strive to do this by using resources efficiently, minimizing waste, environmentally-friendly disposal, developing products from recycled materials, and promoting awareness of climate change and sustainability among employees and stakeholders. Since emissions cannot be completely avoided, we, as a company, have taken compensatory measures to offset these emissions.

The purchase of CO2 certificates enables emissions reduction through climate protection projects in India, Indonesia, Turkey, and other countries. We are continually working to certify more products as carbon-neutral, always considering the required standards, which are regularly audited by an independent entity.

SOCIAL THINKING - RESPONSIBLE ACTIONS

CSR (Corporate Social Responsibility) for ARCORA® means more than just a social component, as the literal translation suggests; it holds significant value. We aspire to continually improve our products and processes to establish optimal solutions for sustainability. To achieve this, we have set goals that decisively influence our daily activities: in resource-efficient production, in our responsibility towards employees, customers, suppliers, and throughout our entire value chain.

The ARCORA® GROUP is committed to taking social and environmental responsibility beyond economic activities, acting with fairness and ethics. Bearing responsibility towards employees, business partners, suppliers, society, and the environment is natural for us and an integral part of our corporate philosophy. For us, CSR is much more than just a certification; it encompasses sustainable and responsible business practices that are firmly integrated and anchored in the ARCORA® corporate strategy.

SUSTAINABLE SUPPLY CHAIN

Producing products from recycled materials to conserve resources, reduce waste, and minimize environmental impact is part of our sustainability ethos, which also holds great importance in our production and supply chain.

With ARCORA®'s ECOBLACK TECHNOLOGY, recycled materials from old, empty battery casings are processed into robust and durable plastic, saving a significant amount of CO₂.

The RCS Standard (Recycled Claim Standard) is used for tracing recycled raw materials within a supply chain, ensuring a transparent evaluation and verification of the accuracy of information regarding the content of recycled materials in a product. Our facilities obtained this certificate last year, confirming that our cotton and blended yarn covers are made, to a certain extent, from recycled materials.

The **ARCORA® GROUP** has been a professional supplier of products and solutions for the cleaning and hygiene industry for more than 30 years. We have been striving to continually improve our products and processes to offer you as your point of contact for cleanliness and hygiene, top-notch solutions for your cleaning and hygiene needs. With 5 in-house facilities and over 1,400 products, 'Everything from one source' and directly from the manufacturer, we have become a solid player in the international cleaning market. Continuous development of new products for all professional cleaning needs with a focus on environmental friendliness, high efficiency and quality, as well as user-friendliness, has enabled us to offer a diverse product portfolio.

We focus on the specific requirements of our customers and rely on innovative technologies and tailored solutions, always with an eye on sustainability and environmental compatibility, to contribute to the protection of our environment and society. The result: continuous development of amazing innovations, environmentally friendly products with high efficiency and quality at fair prices, for your benefit and for the well-being of our environment.

Thanks to our know-how, expertise acquired over the years, and constant collaboration with our customers who support us worldwide year after year with praise and feedback, we continuously develop new products for all professional cleaning needs.

With our company philosophy, we will continue to meet new market requirements and quality standards early and dynamically. Therefore, more and more customers and future-oriented companies are choosing to work with our products. Worldwide, we can look back on long-standing and successful business relationships with our customers.

In order to make your guests' stay in your hotel as pleasant as possible, we would like to support you with our range selection in the hotel hygiene sector. We focus on your individual needs in order to be able to offer your guests the service you desire.

Our staff is always available to assist you in selecting the right products and cleaning and hygiene concepts.

*Looking ahead is one of the most crucial tasks of our time.
This is achieved by combining powerful parameters into a holistic strategy,
all while recognizing and meeting the complex demands of the market.*

For a clean future,

Sami Memili
CEO / PRESIDENT
ARCORA® GROUP

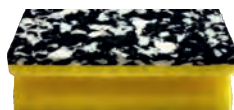

HOUSEKEEPING

NEUTRA7

pH 7-7,5

NEUTRAL SANITARY ODOR CLEANER FOR MAINTENANCE CLEANING

Sanitary odor cleaner with a long-lasting and deodorizing fresh scent and patented Neofresh technology.

- Quickly removes skin oils, cosmetic residues, soap residues, limescale, organic dirt, water spots, etc.
- Regular use prevents limescale buildup
- Dries streak-free without the need for additional drying due to the beading effect

Container	Item No.	Unit
1 l Bottle	01157	12x1 l
10 l Canister	01158	1x10 l

KARMA[®] Pearl

pH 1,5

SANITARY MAINTENANCE CLEANER WITH PEARL EFFECT

Sanitary maintenance cleaner for daily cleaning in the entire wet area. Dissolves limescale, uric acid, soap, oil, and grease residues. The pearl effect reduces re-soiling and deposits on surfaces.

- Enhancement through polymer surface-active substances (beading effect)
- Streak-free, fast-drying, highly glossy, and protected surfaces
- Maintenance cleaning is significantly facilitated, reducing cleaning time

Container	Item No.	Unit
1 l Bottle	01019	12x1 l
10 l Canister	01002	1x10 l

BILANZ[®] Fresh

pH 0,5

SANITARY MAINTENANCE CLEANER

Fast-acting acid-based sanitary maintenance cleaner with a sustainable fresh scent that effortlessly removes limescale residues, soap scum, uric acid, limescale-bound fats, rust, and grease.

- Very good material compatibility, dries quickly and streak-free
- Regular use prevents limescale buildup
- Suitable for use on intact chrome and other sanitary fittings as well as for foam triggers

Container	Item No.	Unit
1 l Bottle	01049	12x1 l
10 l Canister	01039	1x10 l

BIO-LIVE[®]

pH 8,6-8,9

BIOLOGICAL CLEANER AND ODOR ELIMINATOR

The odor eliminator eradicates even stubborn odors, e.g., in garbage bins, laundry depots, toilets, washrooms, etc. The included cultures (living microorganisms) also break down deeply embedded dirt and stains, eliminating bad odors.

- Also suitable for treating stains on carpets, fabrics, tablecloths, and bed linens
- Leaves a long-lasting pleasant scent

Container	Item No.	Unit
1 l Bottle	01096	12x1 l
5 l Canister	01082-05	1x5 l

BAD SMELL...

...from your drain?
...from the trash cans?
Or have your hotel room guests smoked?

Not anymore with BIO-LIVE!

With BIO-LIVE, odors are completely eliminated and not just masked with scented oil!

WALES

pH 5,7

SKIN CLEANSING AND SHOWER LOTION

High-quality skin cleansing lotion for gentle cleaning and care of the skin with a fresh melon scent. Leaves a noticeably pleasant feeling on the skin due to the valuable washing and care substances.

- Mild and nourishing, pH value adapted to the skin
- Can be used as a soap cream and as a shower gel in all areas

Container	Item No.	Unit
500 ml Bottle	01188	9x500 ml
5 l Canister	01186	1x5 l
10 l Canister	01187	1x10 l

CITRUS[®] Fresh

NEUTRAL CLEANER

Highly concentrated, universally applicable maintenance cleaner for streak-free cleaning of hard, water-resistant surfaces and floors, such as plastics, painted surfaces, glass, mirrors, ceramic, stainless steel.

- Leaves a radiant shine and a pleasant **citrus scent**
- Dries quickly and streak-free
- Highly concentrated, therefore very economical

Container	Item No.	Unit
1 l Bottle	01055	12x1 l
10 l Canister	01060	1x10 l

PURPLE Fresh

NEUTRAL CLEANER

Highly concentrated, universally applicable maintenance cleaner for streak-free cleaning of hard, water-resistant surfaces and floors, such as plastics, painted surfaces, glass, mirrors, ceramic, stainless steel.

- Leaves a radiant shine and a pleasant **berry scent**
- Dries quickly and streak-free
- Highly concentrated, therefore very economical

Container	Item No.	Unit
1 l Bottle	01217	12x1 l
10 l Canister	01218	1x10 l

ORANGE Fresh

NEUTRAL CLEANER

Highly concentrated, universally applicable maintenance cleaner for streak-free cleaning of hard, water-resistant surfaces and floors, such as plastics, painted surfaces, glass, mirrors, ceramic, stainless steel.

- Leaves a radiant shine and a pleasant **orange scent**
- Dries quickly and streak-free
- Highly concentrated, therefore very economical

Container	Item No.	Unit
1 l Bottle	01345	12x1 l
10 l Canister	01344	1x10 l

SO-KLAR RTU

READY-TO-USE GLASS AND PLASTIC CLEANER

Ready-to-use cleaner with a fresh summer scent for streak-free cleaning. Effortlessly removes dirt deposits, grease, and oil from glossy surfaces such as windows, glass, mirrors, plastic, frames, and automotive windows.

- **SPRAY - WIPE ONCE - DONE!**
- Cleans quickly, residue-free, and streak-free
- For radiant shine and cleanliness
- Gentle on skin and materials
- 500 ml spray bottle with a convenient spray head

Container	Item No.	Unit
500 ml Bottle	01035	20x500 ml
1 l Bottle	01024	12x1 l
10 l Canister	01023	1x10 l

SPOTEX RTU

pH 9,5

POWERFUL CARPET STAIN REMOVER

Fast-acting, powerful carpet stain remover for the removal of water and solvent-soluble dirt on carpets, upholstery, and other textile surfaces.

- Gently and deeply removes stains such as coffee, cola, fruit juices, shoe polish, etc.
- Suitable for all color- and water-resistant textile surfaces
- 500 ml spray bottle with a convenient spray head

Container	Item No.	Unit
500 ml Bottle	01225	20x500 ml

TENAS 4IN1

pH 6-7

CARPET CLEANER WITH ENCAPSULATION SYSTEM

The system performs the tasks of **five** classic carpet cleaners: Only one product for stain removal, pre-cleaning, extraction cleaning, bonnet cleaning, and the dry cleaning system with the ANIKO 350 DUO BRUSH. Dirt is broken down, bound, and encapsulated.

- Polymers prevent re-soiling and graying
- Shortens drying time, protects carpet fibers
- Saves time, money, and space

Container	Item No.	Unit
1 l Bottle	01008	12x1 l
5 l Canister	01028-05	1x5 l

TENAS HAND BRUSH

TENAS hand brush with foam and bristles for targeted stain removal on upholstery and carpets. With dosing handle for cleaning chemicals. Ideally suited for smaller areas.

- Ideal for cleaning smaller and hard-to-reach areas
- Brushes provide the necessary mechanical friction, and the foam ensures optimal foam distribution

Item No.	Unit
01254	1 pcs.

Step 1:

Unscrew TENAS hand brush.

Step 2:

Fill TENAS 4IN1 up to the first mark.

Step 3:

Dilute with water up to the last mark. Screw the brush head onto the dosing handle.

Step 4:

Dose the chemical by pressing the dosing handle. Work on the stain, rubbing from the outside in.

Step 5:

Use the Polish-Line cloth to absorb dirt and excess chemicals after cleaning with the handbrush.

POLISH-LINE MICROFIBER CLOTH HIGH-PILE EDGELESS

BLUE

Fluffy microfiber cloth that is ideal for use as a polishing cloth. Thanks to the soft high pile, it has a high dirt absorption capacity. Ideal for auto detailing.

- Maximum absorption of dirt and water thanks to the high pile
- Above-average lifespan

Size Weight	Item No.	Unit
40 x 40 cm ca. 62 g/cloth	APOL4040BL	20x10 pcs.

DOSING AIDS

Product	Item No.	Unit
Dosage attachment 20 ml for 1 l Bottle	101691	1 pcs.
Dosage pump 30 ml for 10 l Canister	101529	1 pcs.
Filling tap for 10 l Canister	101429	1 pcs.

MULTI TOOL BELT WORK BAG

WORK BAG WITH BELT BLACK

Versatile work bag for ergonomic and flexible work in hotels, gastronomy, building cleaning, etc.

- With a comfortable and adjustable belt
- Water-resistant and tear-resistant polyester materials
- 3 storage pockets for spray bottle & cleaning textiles
- 2 flexible carabiner hooks for tools & accessories

Size Weight	Item No.	Unit
52 x 31 cm ca. 175 g	MTB5231SC	1 pcs.

For an ergonomic & flexible cleaning

Removable, flexible carabiner hooks

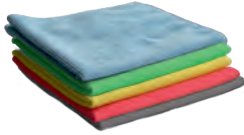

Water-resistant polyester material

Storage pockets

Adjustable hip belt

BASIC-LINE MICROFIBER CLOTH

BLUE/GREEN/YELLOW/PINK/GREY

The optimal and inexpensive object cloth for maintenance and basic cleaning. Can be used on all surfaces thanks to the soft and soft fleece. Suitable for use in the final cleaning.

- Soft fleece
- Excellent cleaning results
- Shape stable and universally applicable

Size Weight	Item No.	Unit
40 x 40 cm ca. 30 g/cloth	ABL3838BL	20x10 pcs.
	ABL3838GR	
	ABL3838GE	
	ABL3838RO	
	ABL3838GU	

TOP-LINE MICROFIBER CLOTH

BLUE/GREEN/YELLOW/PINK/GREY

The cloth for maintenance cleaning of sensitive surfaces without scratching them. Effortlessly removing of grease stains, fingerprints, dust which ensuring clean, streak-free surfaces.

- Double-stitched edge protection and additional quality edging tape
- Average lifetime
- Maximum absorption capacity for dirt and water

Size Weight	Item No.	Unit

	ASL4040GE	
	ASL4040RO	
	ASL4040WE	
	ASL4040GU	

SCRUB & CLEAN 2IN1 MICROFIBER CLOTH

Alternative to cleaning sponge!

BLUE/GREEN/YELLOW/PINK/GREY

The cloth is ideal for stubborn dirt and crust, especially in the kitchen and bathroom.

- With abrasive bristle side and soft microfiber side
- Excellent dirt-dissolving power thanks to the abrasive bristle side
- High dirt and water absorption thanks to the microfiber side
- For thorough and scratch-free cleaning on surfaces

Size Weight	Item No.	Unit
40 x 40 cm ca. 45 g/cloth	ASC4040BL	30x5 pcs.
	ASC4040GR	
	ASC4040GE	
	ASC4040RO	
	ASC4040GU	

FINE-LINE MICROFIBER GLASS CLOTH

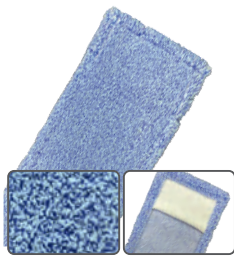

BLUE

"A must for glass cleaning." This cloth enables streak-free and lint-free cleaning of glass, mirrors, and chrome.

- Double-stitched edge protection, additional quality edging tape
- Average lifetime
- Maximum absorption capacity for dirt and water
- Super-absorbent: Absorbs 8 times its weight in liquid

Size Weight	Item No.	Unit
40 x 40 cm ca. 52 g/cloth	AFL4040BL	20x10 pcs.

MICRO BLUE 2.0-FC

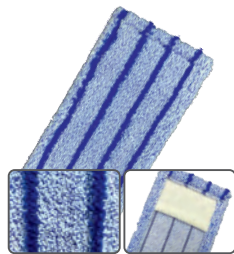

WITHOUT COVER SHEET

The dirt wonder among mop covers. Optimal for maintenance cleaning, wet and dry cleaning of elastic coverings, hard floors, laminate floors, as well as smooth and porous floor coverings. Particularly suitable for use in healthcare.

- Improved mechanics and optimal cross-linking of the cleaning solution on the floor due to the tightly woven microfiber yarn
- The yarn composition ensures excellent dirt and water absorption as well as higher surface performance

Size Weight	Item No.	Unit
40 cm ca. 85 g	AEMB40FC	75 pcs.
50 cm ca. 120 g	AEMB50FC	50 pcs.

RUNNER BLUE 2.0-FC

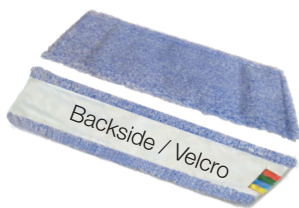

WITHOUT COVER SHEET

The smooth-running sensation among mop covers thanks to polyamide smooth-runner bristles. Ideal for maintenance cleaning, wet and dry cleaning of elastic coverings, hard floors, laminate floors, as well as smooth and porous floor coverings. Particularly suitable for use in healthcare.

- The yarn composition ensures excellent dirt and water absorption as well as higher surface performance
- Improved mechanics and optimal cross-linking of the cleaning solution on the floor due to the tightly woven microfiber yarn
- Outstanding gliding properties on almost all surfaces for fatigue-free work

Size Weight	Item No.	Unit
40 cm ca. 88 g	ERB40FC	75 pcs.
50 cm ca. 128 g	ERB50FC	50 pcs.

ULTRA MICRO BLUE VELCRO MOP COVER

WITH VELCRO BACK

Ideal for maintenance cleaning and wet and dry cleaning of elastic coverings, hard floors, laminate floors, as well as smooth and porous floors. Optimal dirt-dissolving power and high surface performance.

- Outstanding dirt and water absorption
- Improved mechanics, optimal cross-linking of the cleaning solution
- Dirt wonder

ARCORA® 510BM/50L

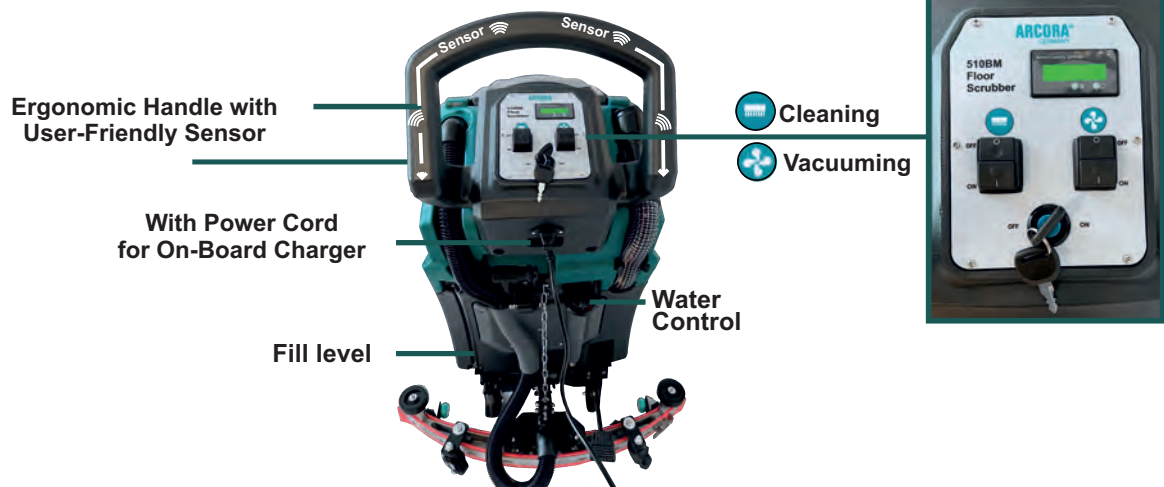

SCRUBBER DRYER MACHINE

The manually operated floor scrubber dryer is ideal for both basic and routine cleaning, especially in heavily frequented areas such as shopping centers, supermarkets, offices, and public facilities. It is characterized by flexibility, user-friendliness, and excellent cleaning performance. Thanks to the large brush diameter, large surfaces are reliably and quickly cleaned without leaving residues.

- Easy handling, ergonomic design
- Optimal cleaning performance
- Robust construction
- Easy brush and drive disc replacement
- High maneuverability
- Includes on-board charger, batteries, pad holder, scrub brush

	Weight	Item No.	Unit
	75 kg / 135 kg (w. battery)	SCR510BM	1 Set
Brush Diameter	510 mm		
Suction Width	760 mm		
Battery	2 x DC12V 100 AH		
Brush Motor	550 W		
Cleaning Performance	2000 m ² /h		
Water Tank	47-50 Lt		
Brush RPM	150 rpm		
Brush Pressure	30 kg		
Max. Vacuum	180 mbar		
Operating Time	3 h		

ARCORA® RO-MAN 660BR/90L

RIDE-ON SCRUBBER DRYER MACHINE

The battery-operated compact ride-on scrubber dryer RO-MAN 660BR/90L efficiently and comfortably cleans medium to large surfaces quickly and residue-free. With high cleaning performance using 2 brushes or 2 drive discs and ergonomic controls, effortless and user-friendly cleaning is ensured.

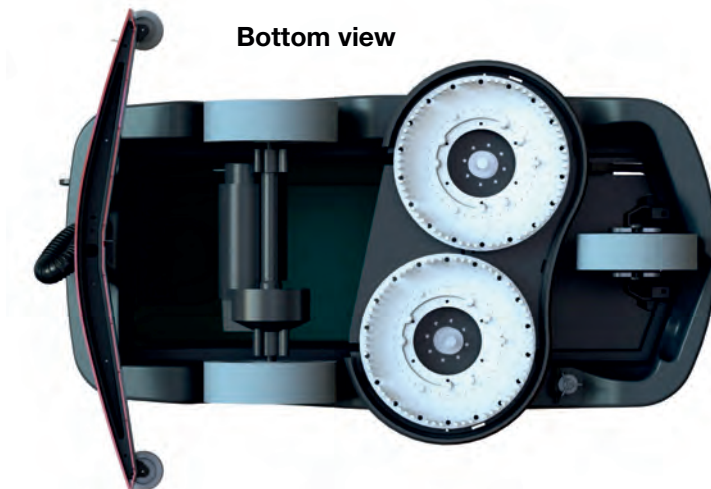

Weight	Item No.	Unit
262 kg	SCR660BR	1 Set

Rated Voltage	2 x 12 V (24 V) 150 Ah
Working Width	660 mm/ 2 x 330 mm (2 x 13")
Brush Motor	2 x 400 W
Brush Rotation Speed	180 U/min
Suction Motor	450 W
Pump Pressure	160 mbar
Drive Motor	500 W
Speed	0-7 km/h
Fresh Water Tank	90 L
Dirty Water Tank	100 L
Cleaning Performance	ca. 3800 m ² /h
Runtime / Charging Time	180 min / 8 h
Suction Width	1000 mm
Weight with Batteries	262 kg
Dimensions	140 x 75 x 139 cm

Simple operation and a mechanical design contribute to reliable and long-lasting performance. With a maximum speed of 7 km/h, the pace can be adjusted according to the environment and level of dirt. A 90-liter fresh water tank and a 100-liter dirty water tank enable the cleaning of large areas.

- Compact and robust ride-on machine
- High maneuverability, ideal for tighter spaces
- Ergonomic design
- Quiet operation
- Easy brush and drive disc replacement
- Excellent suction results
- Includes batteries, integrated charger, 2 x drive discs, 2 x scrub brushes

SPECIAL CLEANING

PALACE LIQ

SPECIAL CLEANER FOR NATURAL AND ARTIFICIAL STONE

Contains highly active cleaning agents that clean and nourish quickly and thoroughly. The natural care components optimize the color and structure of the surface, giving it a brilliant appearance.

- Can be applied manually and mechanically
- Special cleaner for all floor, stair, and wall coverings made of natural and artificial stone
- Universally applicable to all water-resistant surfaces
- Self-polishing and does not build up layers

Container	Item No.	Unit
1 l Bottle	01290	12x1 l

The 100 % environmentally friendly pad with waterdrop system (water drop perforation) is the ideal pad for maintenance cleaning, **especially with smaller scrubber dryer machines.**

Das PU-PAD LIGHT...

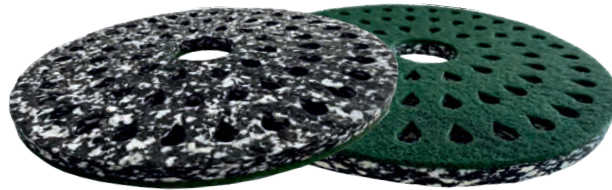

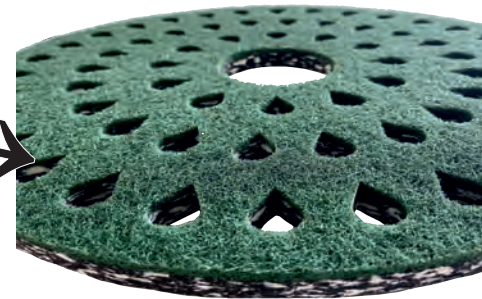

- enables an area performance for maintenance cleaning of up to **80.000 m²**.
- is perfect for **smaller scrubber dryer machines.**
- has a special **robustness and durability** due to the composition of polyester, polyether and a fixation of polyurethane.
- is applicable on all types of water resistant elastic and hard floor coverings, even on porcelain stoneware floors and safety floors up to R13.
- has a **higher water absorption** than conventional pads.
- is **100% environmentally friendly** due to the exclusive use of recycled products.

The ideal pad for maintenance cleaning with smaller scrubber dryer machines

Waterdrop System

PLUS-MINUS effect

- Better glide on the floor & better dirt absorption
- Better water distribution & water saving

- Due to the applied water drop perforation, the mechanic is additionally supported by the plus/minus effect without damaging the floor → Gentle cleaning
- Gliding the machine over the floor is much easier with the PU PAD Light due to the perforation technology
- To protect the environment, the water drop system enables to reduce the amount of water by the application
- The perforation technology enables better water distribution and dirt absorption

Excellent cleaning results in combination with the ARCORA®BLANCUS 40 compact scrubber dryer machine.

With the **BLANCUS 40 scrubber-dryer machine**, the days of exhausting and time-consuming cleaning are over. A compact, ergonomic scrubber-dryer machine, which combines flexibility and mobility to ensure easier cleaning every day.

The compact scrubber-dryer machine is the ideal mechanical alternative to mopping systems and can be used on all type of floor coverings. The combination of two rotating brushes or pads with the powerful suction motor ensures a dry and streak-free surface that can be walked on immediately.

TIME SAVING - SUSTAINABLE - EFFECTIVE

TIME SAVING- CLEANS QUICKLY AND REDUCES WORKING COSTS

With the BLANCUS 40, a clean floor is achieved in the shortest time - up to 70 % faster than conventional wet mopping systems. The periods between deep cleaning and intensive cleaning are extended.

SUSTAINABLE - A CONTRIBUTION TO THE ENVIRONMENT

Up to 70% less water compared to other conventional cleaning methods. The 2 liter tank is enough to clean approx. 200 m² of hard floors.

EFFECTIVE - SUCCESSFUL AND TARGET-ORIENTED CLEANING

The BLANCUS 40 is the ideal scrubber-dryer machine to achieve perfect cleaning results in tight areas.

- Scrubbing and suction in one step
- Perfect drying of the floor and can be walked on immediately
- Cleaning of tight areas possible
- Can be combined with various pads and brushes
- Easily removable tanks
- Easy handling thanks to the universal joint

FLEXIBILITY

Flexible, functional design: Easy handling thanks to circular movement function.

BATTERY

With integrated rechargeable lithium batteries.

CONTROL PANEL

Ergonomic handle with operating panel for controlled cleaning. The handle allows cleaning even in tight areas.

LOCKING SYSTEM

With the locking system, the BLANCUS 40 can be placed upright and therefore saves space.

BRUSH AND PAD HOLDER

Cleaning with pads or brushes possible.

TECHNICAL DATA

Power	DC 36 V
Working width	42 cm
Absorbent width	44 cm
Working efficiency	700 m ² /h
Brush disc diameter/brushes	17,5 cm / 21 cm
Brush disc speed slow/fast	270/340 rpm
Brush plate motor	2 x 150 W
Brush pressure	11 kg
Suction motor	150 W
Vacuum degree	120 mbar
Turning radius	30 cm
Clean water tank capacity	2 l
Dirty water tank capacity	3,5 l
Noise level	63 dB
Battery pack	7,5 Ah-36 V (Lithium)
Battery weight	2 kg
Total weight of the machine	16 kg
Gross weight including packaging	20 kg

Excellent cleaning results
in combination with the
ARCORA®PU-PAD LIGHT.

BLANCUS 40
COMPLETE AS A SET
Art.-No: SCR40BM

Delivery includes:

- Lithium batteries
- Battery charger
- Pad holder
- Brushes

Available in 5 colours, optimal for waste separation in different areas!

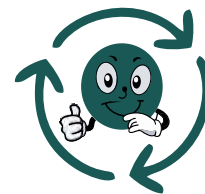

SPECIFICATIONS

Material:	100% PES
Colour:	BLUE, GREEN, YELLOW, RED, GREY
Size:	760 x 1000 mm
Volume:	120 Liter
Unit:	25 pcs.
Item-No.:	PLS120BL 
	PLS120GR 
	PLS120GE 
	PLS120RO 
	PLS120GU 

**Seamless bottom surface
to avoid tears & leakage
of liquids!**

The high-quality disposal bag offers enough space for transporting soiled textiles, mop covers or waste. It is made of **durable polyester**, which is both robust and durable. With the specially designed **seamless construction** of the bottom surface, the disposal bag can be filled without hesitation and without unwanted tears or leakage. Thanks to optimal dimensions and practical construction, the disposal bag can be conveniently attached to cleaning trolleys and used for hygienic disposal during daily cleaning operations.

The bag is washable at 30-60° C, therefore **reusable** and, compared to plastic garbage bags, an **environmentally friendly and economical tool** that ensures order and cleanliness.

← **Seamless bottom surface**

PLASTIC GARBAGE BAGS

- Are mostly used as disposable garbage bags
- Cause huge mountains of waste
- It takes between 100 and 500 years for a plastic bag to slowly degrade into harmful small pieces (microplastics)

PREMIUM-LINE DISPOSAL BAG

- Tear resistant & durable thanks to seamless bottom surface
- Washable, reusable several times
- Environmentally friendly and economical
- Water resistant

THE SUSTAINABLE INNOVATION!

SCRUB & CLEAN *2IN1* MICROFIBER CLOTH

SCRUB & CLEAN IN ONE!

- Item No.: ASC4040BL ■
ASC4040GR ■
