ARCORA®
www.arcora-group.com

Sustainability is increasingly gaining importance and is firmly anchored in ARCORA®'s corporate philosophy. For ARCORA®, a company that looks beyond the horizon, responsibility towards people, the environment, and society is of great significance. Sustainability has been a core value for us from the beginning. In all our products and processes, we consistently ensure that, in addition to economic considerations, we do not neglect social and environmental aspects, always acting with a future-oriented approach.

THREE-PILLAR MODEL

We are an internationally operating company and bear a special responsibility towards people, our environment, and society. Sustainability is ingrained in our daily practices, guided by the principle: 'Making a difference for generations'. We align ourselves with the Three-Pillar Model to continuously improve. Thinking about tomorrow today and assuming responsibility towards people, the environment, and society is inherent in our **CSR 26001** certified Company.

Social Sustainability:

In line with Corporate Social Responsibility, we advocate for the well-being of individuals within the company and society as a whole.

Environmental Sustainability:

We safeguard the environment and natural ecosystems in the production, distribution, and consumption of our products.

Economic Sustainability:

Quality, service, innovation, and other factors form the basis for our continuous growth.

FOR A LIVABLE ENVIRONMENT, EVEN IN THE FUTURE!

As a company, we aim to make a contribution to counteract global climate change. Therefore, we have certified ourselves as a carbon-neutral company and our products as carbon-neutral. This involves offsetting generated CO₂ emissions and supporting climate protection projects. We want to sustainably contribute to keeping our environment livable for the benefit of future generations.

CARBON NEUTRALITY - FOR THE SAKE OF THE ENVIRONMENT

Direct and indirect greenhouse gas emissions are analyzed and reduced throughout our entire business process. We strive to do this by using resources efficiently, minimizing waste, environmentally-friendly disposal, developing products from recycled materials, and promoting awareness of climate change and sustainability among employees and stakeholders. Since emissions cannot be completely avoided, we, as a company, have taken compensatory measures to offset these emissions.

The purchase of CO₂ certificates enables emissions reduction through climate protection projects in India, Indonesia, Turkey, and other countries. We are continually working to certify more products as carbon-neutral, always considering the required standards, which are regularly audited by an independent entity.

SOCIAL THINKING - RESPONSIBLE ACTIONS

CSR (Corporate Social Responsibility) for ARCORA® means more than just a social component, as the literal translation suggests; it holds significant value. We aspire to continually improve our products and processes to establish optimal solutions for sustainability. To achieve this, we have set goals that decisively influence our daily activities: in resource-efficient production, in our responsibility towards employees, customers, suppliers, and throughout our entire value chain.

The ARCORA® GROUP is committed to taking social and environmental responsibility beyond economic activities, acting with fairness and ethics. Bearing responsibility towards employees, business partners, suppliers, society, and the environment is natural for us and an integral part of our corporate philosophy. For us, CSR is much more than just a certification; it encompasses sustainable and responsible business practices that are firmly integrated and anchored in the ARCORA® corporate strategy.

SUSTAINABLE SUPPLY CHAIN

Producing products from recycled materials to conserve resources, reduce waste, and minimize environmental impact is part of our sustainability ethos, which also holds great importance in our production and supply chain. With ARCORA®'s ECOBLACK TECHNOLOGY, recycled materials from old, empty battery casings are processed into robust and durable plastic, saving a significant amount of CO2.

The RCS Standard (Recycled Claim Standard) is used for tracing recycled raw materials within a supply chain, ensuring a transparent evaluation and verification of the accuracy of information regarding the content of recycled materials in a product. The certificate obtained by our factories confirms that our cotton and blended yarn covers are made from certain proportions of recycled materials.

We are delighted to present our new product catalog to you. This provides an overview of our extensive product range in the field of cleaning and hygiene. For over 30 years, we have been striving to continually improve our products and processes to offer you as your point of contact for cleanliness and hygiene, top-notch solutions for your cleaning and hygiene needs. With 5 in-house facilities and over 1,400 products, 'everything from one source' and directly from the manufacturer, we have become a solid player in the international cleaning market. Continuous development of new products for all professional cleaning needs with a focus on environmental friendliness, high efficiency and quality, as well as user-friendliness, has enabled us to offer a diverse product portfolio.

We focus on the specific requirements of our customers and rely on innovative technologies and tailored solutions, always with an eye on sustainability and environmental compatibility, to contribute to the protection of our environment and society. The result: continuous development of amazing innovations, environmentally friendly products with high efficiency and quality at fair prices, for your benefit and for the well-being of our environment.

Thanks to our know-how, expertise acquired over the years, and constant collaboration with our customers who support us worldwide year after year with praise and feedback, we continuously develop new products for all professional cleaning needs.

With our company philosophy, we will continue to meet new market requirements and quality standards early and dynamically. Therefore, more and more customers and future-oriented companies are choosing to work with our products. Worldwide, we can look back on long-standing and successful business relationships with our customers.

In our catalog we present you our variety of professional products, ranging from cleaning and care products, cleaning textiles, cleaning systems, cleaning trolleys, cleaning and polishing pads, cleaning machines, sanitary/hygiene technology, workwear and accessories.

Our staff is always available to assist you in selecting the right products and cleaning and hygiene concepts.

We appreciate your trust in the ARCORA® GROUP and look forward to continuing to be your contact for cleanliness and hygiene, offering the right solution.

*Looking ahead is one of the most crucial tasks of our time.
This is achieved by combining powerful parameters into a holistic strategy,
all while recognizing and meeting the complex demands of the market.*

For a clean future,

Sami Memili
CEO / PRESIDENT
ARCORA® GROUP

DEEP- AND SPECIAL CLEANERS

RAISON®

pH 13-13,5

ODOURLESS HIGHLY EFFECTIVE DEEP CLEANER

Optimal for the removal of multi-layered polymers and waxes on alkali- and water-resistant hard floor coverings.

- Highly alkaline problem solver with enormous film dissolving power
- Fast wetting properties with pleasant odour
- Dissolves stubborn soiling

Container	Item No.	Unit
1 l Bottle	01199	12x1 l
10 l Canister	01036	1x10 l

PROLINO

pH 10

DEEP CLEANER FOR ALKALINE-SENSITIVE FLOORS

Optimal for removing care films and heavy soiling on alkali-sensitive and water-resistant coverings.

- Intensive film dissolving power, good wetting
- Gentle on materials, as ammonia-free
- Low foam, suitable for vending machines

Container	Item No.	Unit
1 l Bottle	01200	12x1 l
10 l Canister	01046	1x10 l

TIGER

pH 9,1-9,5

HIGH-PERFORMANCE UNIVERSAL DEEP CLEANER

Dissolves all water-soluble coatings, incrustations, care product residues and soiling on almost all water-resistant and alkali-sensitive floor coverings.

- Removes water-soluble, metal-crosslinked, metal salt-free coatings
- Fast effectiveness and residue-free removal

Container	Item No.	Unit
10 l Canister	01203	1x10 l

TERMINATOR® RTU

pH 12

READY-TO-USE POWER SPRAY CLEANER

Removes stubborn dirt from washable surfaces.

- Powerful spray cleaner
- Removes grease, oil, ink and colour pencil residues, lipstick, heel marks, tyre marks and smoke deposits
- Ideal for cleaning glass frames
- 500 ml spray bottle with practical spray head

Container	Item No.	Unit
500 ml Bottle	01223	20x500 ml
5 l Canister	01224	1x5 l

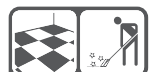

FLOOR COATINGS

ELITE 29

pH 8,5

DISINFECTANT- AND ALCOHOL RESISTANT FLOOR COATING WITH HIGH-GLOSS EFFECT

Ideal for protecting floor coverings in areas where surface and hand sanitisers are frequently used.

- Durable, easily restorable result
- Recoating possible without prior basic cleaning

Container	Item No.	Unit
5 l Canister	01152-05	1x5 l

ELITE 29 MATT

pH 8,5

DISINFECTANT- AND ALCOHOL RESISTANT FLOOR COATING WITH SATIN EFFECT

Ideal for protecting floor coverings in areas where surface and hand sanitisers are frequently used.

- Durable, easily restorable result
- Recoating possible without prior basic cleaning

Container	Item No.	Unit
5 l Canister	01156-05	1x5 l

EVENTS

pH 8,5

METAL SALT-FREE LONG-TERM COATING

Can be used on water-resistant, coatable floor coverings. Ideally suited for dry film restoration and high-speed capable. Also suitable for protecting the sealing of wooden and cork floors.

- Good filling power
- Good chemical resistance
- Meets the requirements of the slip values

Container	Item No.	Unit
5 l Canister	01013-05	1x5 l

ROUTINE CARE FOR WOOD FLOORS

WOOD SAFE

pH 8

MOPPING CARE FOR ROUTINE CLEANING & CARE OF OILED OR OIL/WAX PRIMED WOOD & PARQUET FLOORS

Water-soluble, highly wetting cleaning and care product for water-repellent floor coverings and oiled parquet.

- Good cleaning properties and care effects
- The dynamic friction values of **DIN 18032/2** are achieved

Container	Item No.	Unit
1 l Bottle	01204	12x1 l
5 l Canister	01210	1x5 l

WOOD SHINE

pH 8

MOPPING CARE FOR ROUTINE CLEANING OF SEALED WOOD, PARQUET AND LAMINATE FLOORS

Water-soluble, highly wetting cleaning and care product consisting of made from biodegradable, future-proof raw materials on a natural basis.

- Makes floors non-slip and water-repellent
- Protects edges and joints
- The gloss can be polished or treated with a high-speed machine

Container	Item No.	Unit
1 l Bottle	01212	12x1 l
5 Canister	01213	1x5 l

HEAVY-DUTY FLOOR CLEANERS

HAMMER®

DIRT-BUSTER / HEAVY-DUTY DEEP CLEANER

Alkaline high-performance basic cleaner for all alkali- and water-resistant floor coverings.

- Powerful, low-foaming cleaner based on special active ingredients
- Suitable for all machine processes
- Dissolves machine oil, grease, soot, graphite and exhaust soiling

pH 12

Container	Item-No.	Unit
10 l Canister	01041	1x10 l

EXBETAN-X

WORKSHOP AND INDUSTRIAL CLEANER

Highly concentrated special cleaner for heavy soiling on alkali- and water-resistant materials in workshops, motor vehicles and commercial vehicles. Cleans quickly, effortlessly and gently.

- Thoroughly removes grease and oil soiling, soot and stubborn dirt incrustations
- Oil separator-friendly according to **Ö-NORM B 5105** and **EDTA-free**

pH 11,3

Container	Item-No.	Unit
10 l Canister	01025	1x10 l

ARCOMAT®

INDUSTRIAL AND MACHINE CLEANER

Alkaline automatic cleaner for maintenance and intensive cleaning of alkali- and water-resistant hard floor coverings.

- Particularly active cleaner
- Ideal for maintenance cleaning in supermarkets and shopping arcades
- Very productive and extremely economical
- Forms an antistatic and dirt-repellent protective film

pH 11

Container	Item-No.	Unit
10 l Canister	01014	1x10 l

IDEAL

ALKALINE PORCELAIN STONWARE CLEANER

Special cleaning concentrate for porcelain stoneware and safety tiles. Can be used as a deep cleaner and maintenance cleaner.

- Effortlessly removes even stubborn, oily and greasy dirt
- Cleans deep into the pores, thoroughly and intensively
- **EDTA-free**

pH 9,5

Container	Item-No.	Unit
1 l Bottle	01153	12x1 l
10 l Canister	01154	1x10 l

MOSS & ALGAE REMOVER LIQ

FOR REMOVING ORGANIC CONTAMINATION ON STONES

Highly effective moss, algae and green film remover. Thoroughly removes all dirt from mineral building materials such as natural stone, sand-lime brick, plaster, brick, concrete and fiber cement.

- Gives surfaces long-lasting protection against reinfestation

pH >11

Container	Item-No.	Unit
1 l Bottle	01288	12x1 l

SCHACHMATT® RTU

PLASTIC AND DESK CLEANER

Intensive cleaner that easily removes permanent marker, pen marks, grease, oil, adhesive and label residues.

- Suitable for water and solvent-resistant surfaces
- Cleans streak-free and residue-free

Container	Item-No.	Unit
1 l Bottle	01091	12x1 l
10 l Canister	01092	1x10 l

CITRUS® *Fresh*

FRAGRANCE-NEUTRAL CLEANER

Highly concentrated, all-purpose maintenance cleaner for streak-free cleaning of hard, water-resistant surfaces and floors such as plastics, painted surfaces, glass, mirrors, ceramics, stainless steel.

- Leaves a radiant shine and pleasant **citrus fragrance**
- Dries quickly and streak-free
- Highly concentrated, therefore very economical

Container	Item-No.	Unit
1 l Bottle	01055	12x1 l
10 l Canister	01060	1x10 l

PURPLE® *Fresh*

FRAGRANCE-NEUTRAL CLEANER

Highly concentrated, all-purpose maintenance cleaner for streak-free cleaning of hard, water-resistant surfaces and floors such as plastics, painted surfaces, glass, mirrors, ceramics and stainless steel.

- Leaves a radiant shine and pleasant **berry fragrance**
- Dries quickly and streak-free
- Highly concentrated, therefore very economical

Container	Item-No.	Unit
1 l Bottle	01217	12x1 l
10 l Canister	01218	1x10 l

ORANGE® *Fresh*

FRAGRANCE-NEUTRAL CLEANER

Highly concentrated, all-purpose maintenance cleaner for streak-free cleaning of hard, water-resistant surfaces and floors such as plastics, painted surfaces, glass, mirrors, ceramics, stainless steel.

- Leaves a radiant shine and pleasant **orange fragrance**
- Dries quickly and streak-free
- Highly concentrated, therefore very economical

Container	Item-No.	Unit
1 l Bottle	01345	12x1 l
10 l Canister	01344	1x10 l

ECOSE®

ALCOHOL-BASED CLEANER WITH FRESH FRAGRANCE

Alcohol-based maintenance cleaner for the streak-free cleaning of hard, waterproof surfaces and floor coverings, coated or uncoated. Leaves a long-lasting fresh fragrance.

- Very effective cleaning capabilities
- Dries quickly and streak-free

Container	Item-No.	Unit
1 l Bottle	01010	12x1 l
10 l Canister	01001	1x10 l

FLEXAL®

ULTRA POWERFUL MULTIPURPOSE CLEANER

Highly active multi-functional cleaner with excellent properties for streak-free cleaning of PU-coated, coated and uncoated floor coverings. Ideal for cleaning highly water-repellent floor coverings. Low in surfactants and fast drying.

- High dirt-carrying capacity and excellent wetting properties
- Can replace alcohol, all-purpose, automatic and neutral cleaners

Container	Item-No.	Unit
1 l Bottle	01038	12x1 l
10 l Canister	01037	1x10 l

MAINTENANCE CLEANER

SPEED-CLEAN

pH 9,5

FAST-ACTING ACTIVE CLEANER CONCENTRATE

Fast-acting active cleaner concentrate for all water and alkali-resistant surfaces, objects and floor coverings. Can also be used as an intensive cleaner. Maintains the absorbency of textile fibres of mop covers and wiping cloths.

- With a special combination of active ingredients and a pleasant fragrance
- Extremely fast-acting, low in surfactants
- Compatible with many disinfectants

Container	Item-No.	Unit
1 l Bottle	01205	12x1 l
10 l Canister	01206	1x10 l

FLEXON

pH 10,5

POWER CLEANER

Powerful dirt-, grease- and nicotine-dissolving special cleaner with high dirt-carrying capacity for all water-resistant surfaces, objects and coverings. Also suitable for professional glass cleaning.

- Economical to use
- With a pleasant fragrance
- Ideal for use in supermarkets

Container	Item-No.	Unit
1 l Bottle	01077	12x1 l
10 l Canister	01080	1x10 l

ODEON[®] Fresh

pH 5

CLEANER WITH FRAGRANCE

Modern scented wipe cleaner for quick, streak-free and gentle daily cleaning of all water-resistant floor coverings.

- Composition enables rapid removal of dirt
- For streak-free and residue-free cleaning
- Leaves a long-lasting fragrance
- Wax, polymer and soap-free

Container	Item-No.	Unit
1 l Bottle	01149	12x1 l
10 l Canister	01150	1x10 l

SO-KLAR RTU

pH 10,5

READY-TO-USE GLASS AND PLASTIC CLEANER

Ready-to-use cleaner with a fresh **summer fragrance** for streak-free cleaning. Effortlessly removes dirt deposits, grease and oil from shiny surfaces such as windows, glass, mirrors, plastic, frames and car windscreens.

- **SPRAY - 1x WIPE - DONE!**
- Cleans quickly, residue-free and streak-free
- For a radiant shine and cleanliness
- Gentle on skin and material

Container	Item-No.	Unit
1 l Bottle	01024	12x1 l
10 l Canister	01023	1x10 l

GLASS-SHINE RTU

pH 8

READY-TO-USE QUICK SURFACE CLEANER

Ready-to-use cleaner with a fresh **citrus fragrance** for streak-free cleaning. Effortlessly removes dirt deposits, grease and oil from shiny surfaces such as windows, glass, mirrors, plastic, frames and car windscreens.

- **SPRAY - 1x WIPE - DONE!**
- Cleans quickly, residue-free and streak-free
- For a radiant shine and cleanliness
- Gentle on skin and material

Container	Item-No.	Unit
1 l Bottle	01293	12x1 l
10 l Canister	01316	1x10 l

PROFESSIONAL WINDOW CLEANER

WINDOW-CLEAN

pH 6,5-7,2

PROFESSIONAL WINDOW CLEANER SOAP

For quick, thorough and extensive cleaning of glass surfaces and window frames. Suitable for indoor and outdoor use as well as at low temperatures.

- Skin-friendly and environmentally friendly
- Powerful concentrate, very economical
- Cleans without leaving streaks or residue
- Specially developed formula for the professional window cleaner

Container	Item-No.	Unit
1 l Bottle	01075	12x1 l
5 l Canister	01076	1x5 l

MOPPING SOLUTIONS

CONVERT®

pH 7,5-8,5

MULTIFUNCTIONAL MOPPING CARE WITH SELF-GLOSS EFFECT

Mop care based on water-soluble polymers for maintenance and intensive cleaning as well as initial cleaning of water-resistant floor coverings.

- Cleans and maintains in one step
- Self-shining and does not build up layers
- Prevents foot traffic marks, dirt-repellent and slip-resistant
- Very good wetting properties, low-foaming and can be polished to a high gloss

Container	Item-No.	Unit
1 l Bottle	01073	12x1 l
10 l Canister	01072	1x10 l

PALACE LIQ

pH 8

SPECIAL CLEANER FOR NATURAL AND ARTIFICIAL STONE

Contains highly active cleansing agents that clean and care quickly and thoroughly. The natural care components optimise the colour and structure of the surface and give it a brilliant appearance.

- Can be applied manually and mechanically
- Special cleaner for all floor, stair and wall coverings made of natural and artificial stone
- For all water-resistant surfaces, universally applicable
- Self-shining and does not build up layers

Container	Item-No.	Unit
1 l Bottle	01290	12x1 l
5 l Canister	01291	1x5 l

SANITARY CLEANER

NEUTRA7

pH 7-7,5

NEUTRAL SANITARY FRAGRANCE CLEANER MAINTENANCE CLEANING

Sanitary fragrance cleaner with long-lasting, deodorising fresh fragrance and patented Neofresh technology.

- Quickly removes skin oils, cosmetic residues, soap residues, lime soap organic soiling, water stains, etc.
- Regular use prevents limescale build-up
- Dries streak-free without drying afterwards thanks to beading effect

Container	Item-No.	Unit
1 l Bottle	01157	12x1 l
10 l Canister	01158	1x10 l

KARMA® Pearl

pH 1,5

SANITARY MAINTENANCE CLEANER WITH PEARL EFFECT

Sanitary maintenance cleaner for daily cleaning in all wet areas. Dissolves limescale, urine scale, soap, oil and grease residues. Beading effect reduces and deposits on surfaces.

- Finishing with polymer surface-active substances (pearl effect)
- Streak-free, quick-drying, high-gloss and protected surfaces
- Maintenance cleaning is made significantly easier and cleaning time is reduced

Container	Item-No.	Unit
1 l Bottle	01019	12x1 l
10 l Canister	01002	1x10 l

BILANZ® CITRUS

pH 0,5

SANITARY CLEANER WITH FRESH CITRUS FRAGRANCE

Fast-acting acid-based sanitary maintenance cleaner with citrus fragrance, which effortlessly removes limescale residues, lime soaps, urine scale, lime-bound grease, rust and grease stains.

- Very good material compatibility, dries quickly and streak-free
- Regular application prevents limescale build-up
- Also suitable for use on intact chrome and other sanitary fittings and for foam triggers

Container	Item-No.	Unit
1 l Bottle	01013	12x1 l
10 l Canister	01009	1x10 l

BILANZ® Fresh

pH 0,5

SANITARY MAINTENANCE CLEANER

Fast-acting acid-based sanitary maintenance cleaner with a lasting fresh fragrance that effortlessly removes limescale residues, lime soaps, urine scale, lime-bound grease, rust and grease stains.

- Very good material compatibility, dries quickly and streak-free
- Regular application prevents limescale build-up
- Also suitable for use on intact chrome and other sanitary fittings and for foam triggers

Container	Item-No.	Unit
1 l Bottle	01049	12x1 l
10 l Canister	01039	1x10 l

SANEX

pH <1

SANITARY DEEP CLEANER

Powerful cleaner for final construction cleaning, cement residue removal and removal of residues on stainless steel surfaces. High-performance basic cleaner for removing limescale deposits, rust stains, urine and other residues on acid-resistant surfaces. With integrated corrosion inhibitor.

- Acidic deep cleaner, based on phosphoric acid
- Gentle on materials and free of hydrochloric acid

Container	Item-No.	Unit
1 l Bottle	01020	12x1 l
10 l Canister	01003	1x10 l

SALPUREX 3IN1

pH 1

URINE/LIMESTONE REMOVER AND CEMENT RESIDUE REMOVER

Acidic high-performance deep cleaner for use on all acid-resistant surfaces in outdoor and indoor swimming pools and other wet room areas.

- Removes old and limescale deposits, rust stains, urine scale and other residues
- Powerful cleaner for final cleaning and cement residue removal
- Hydrochloric acid-based radical cleaner corrosion protection thanks to inhibitor
- Spontaneously effective

Container	Item-No.	Unit
1 l Bottle	01155	12x1 l
10 l Canister	01137	1x10 l

VINEGAR CLEANER

pH 3

POWERFUL VINEGAR CLEANER

Acidic universal cleaner with limescale dissolving properties for all acid-resistant surfaces in sanitary and kitchen areas, e.g. tiles, glass, stainless steel.

- Cleans quickly, thoroughly and effortlessly removes limescale, water scale and soap
- Biodegradable surfactant and acid system
- For regular maintenance cleaning

Container	Item-No.	Unit
1 l Bottle	01255	12x1 l
10 l Canister	01256	1x10 l

ROOM FRAGRANCE

BIO-LIVE®

pH 8,6-8,9

ORGANIC CLEANER AND ODOR REMOVER

The odor eliminates even stubborn odours, e.g. in waste bins, dirty laundry depots, toilets, washrooms, etc. The cultures contained (living microorganisms) also break down dirt and stains that have penetrated deep into the fabric and eliminate bad odours.

- Also suitable for treating stains on carpets, fabrics, table and bed linen
- Leaves a long-lasting pleasant fragrance

Container	Item-No.	Unit

INPUR®

pH 11,4

FAT REMOVER ALKALINE / POWERFUL KITCHEN CLEANER

Powerfully cleans protein and oil-soiled alkali-resistant surfaces of all kinds. Ideal for cleaning in food processing companies.

- Low-foaming, suitable for machine use, suitable for high-pressure devices
- Particularly suitable for cleaning heavily grease-soiled floors, work surfaces and extractor hoods

Container	Item-No.	Unit
1 l Bottle	01021	12x1 l
10 l Canister	01018	1x10 l

FAT-CLEAN RTU

pH 12-13

READY-TO-USE POWERFUL KITCHEN CLEANER

Powerfully cleans grease, protein and oil-soiled alkali-resistant surfaces of all kinds. Especially for cleaning heavily grease-soiled surfaces and extractor hoods. Ideal for daily cleaning.

- Ideal for cleaning in food processing companies

Container	Item-No.	Unit
10 l Canister	01016	1x10 l

CHLORADO®

pH 12,5

KITCHEN CLEANER WITH ACTIVE CHLORINE

Highly concentrated basic kitchen cleaner with active chlorine for the removal of vegetable and animal fats, oils, blood, protein and mold. Kills all bacteria, fungi and viruses. Suitable for the food industry according to HACCP.

- Strong bleaching effect on tea, coffee, fruit and mildew stains
- Cleans quickly and ensures hygienic cleanliness in the food industry

Container	Item-No.	Unit
10 l Canister	01138	1x10 l

POWER-CLEAN

pH 14

GRILL CLEANER AND SMOKE RESIN REMOVER

Highly concentrated, alkaline intensive cleaner and smoke resin remover that works quickly and independently.

- Can be used on hot and cold surfaces
- Dissolves burnt-on, charred and encrusted residues
- Can also be used in high dilution as an intensive grease remover

Container	Item-No.	Unit
1 l Bottle	01006	12x1 l
10 l Canister	01015	1x10 l

GRILL-CLEAN RTU

pH 13

LOW ODOR, HIGHLY ALKALINE GRILL CLEANER

Ready-to-use, highly alkaline grill and oven cleaner for the intensive cleaning of alkali-resistant surfaces. Dissolves heavy stains such as grease, oil, protein encrustations and frying residues. LOW-odour grill cleaner with high grease dissolving power.

- Fast-acting, foaming cleaner

Container	Item-No.	Unit
10 l Canister	01017	1x10 l

ORKAN

COLD STORE CLEANER UP TO -30°C

Special cleaner for cleaning surfaces down to -30°C. Removes oily and greasy soiling and cleans even heavily soiled floors.

- Hygienically clean effect
- No defrosting of the cold store necessary

pH 9,7

Container	Item-No.	Unit
10 l Canister	01089	1x10 l

EDOL 2IN1 RTU

STAINLESS STEEL CLEANER AND POLISHING IN ONE

Ready-to-use stainless steel cleaner and care product for all aluminum, anodized, stainless steel and non-ferrous metal surfaces. Leaves a caring film.

- Removes tarnish on surfaces and appliances as well as fingerprints, water marks and other soiling
- Restores cleaned surfaces to their original shine
- Prevents rapid resoiling when used regularly

pH 5

Container	Item-No.	Unit
1 Liter Bottle	01071	12x Liter

ALIVE

HAND WASH LOTION FOR SOAP DISPENSER

Hand wash lotion based on innovative active washing substances, skin protection components and antibacterial additives.

- Excellent foaming properties and pleasantly perfumed
- Preserves the skin's protective acid mantle
- Does not cause corrosion when used in automatic dispensers
- Wastewater-friendly, fully biodegradable, water-soluble

pH 6,5-8,5

conGRANULATion

conGRANULATion System - A SUSTAINABLE SOLUTION FOR A CLEAN FUTURE!

The preservation of our environment is particularly important for us. We are convinced that sustainability is an obligation that we as a company must actively fulfil. From the selection of our raw materials to the manufacture of our products, environmental aspects are at the centre of our decisions. We use recycled materials for many of our products, reduce waste and do our best to minimise our transport volumes,

FOR THE SAKE OF THE ENVIRONMENT

"Making a difference for generations".
We live sustainably every day and develop innovative solutions for sustainable cleanliness for a clean future.

DEVELOPMENT
IN PROGRESS

SPACE-SAVING, SUSTAINABLE, USER-FRIENDLY - The ARCORA conGRANULATion system

The cleaning granulate for various applications, which is mixed with water, offers effective cleaning performance and is an environmentally friendly alternative to conventional cleaning agents in bottles and canisters. ARCORA®conGRANULATion System eliminates the need for bulky canisters and bottles and therefore also helps to reduce packaging waste.

ARCORA®conGRANULATion System

- Reduces transport volume and storage space requirements
→ less CO2 emissions
- requires no dosing and is easy to use
→ No overdosing / dissolves quickly
- requires no resolution time
→ Ready for use immediately after adding water
- Ideal alternative to canisters and bottles
→ No heavy lifting necessary

con GRANULAT ion

conGRANULAT ion System - SIMPLE APPLICATION

The ARCORA®conGRANULAT ion system becomes a ready-to-use cleaning agent by only adding water. The ARCORA®cleaning granules are packed in small sachets for use in many and varied applications: Sanitary, floor, kitchen, surfaces, windows etc.

Open the sachet of cleaning granules.

(Note the quantity of water on the sachet)

Cleaning with spray bottle (surface cleaning)

Open spray bottle and fill with cold water and add the cleaning granulate. Close the spray bottle and shake briefly. DONE!

Cleaning by wiping (floor cleaning)

Fill the bucket with cold water and add the cleaning granulate. DONE!

Cleaning with a scrubber dryer

Fill the machine tank with water and add the cleaning granulate. DONE!

ARSPRAY PROFESSIONAL PREMIUM SPRAY BOTTLE 600

The robust, handy and refillable PROFI SPRAY BOTTLES are ideal for use with the ARCORA®conGRANULAT ion system. The different colours allow them to be used in different areas. Good resistance to chemicals.

SINGLE AND DOUBLE BUCKET TROLLEYS

ECOBLOCK TECHNOLOGY

With ARCORA®'S ECOBLACK TECHNOLOGY, recycled materials from old, empty battery casings are processed into robust and durable plastic. This saves a large amount of CO2 compared to manufacturing processes using new/original materials. The ECOBLACK series consists largely of recycled materials.

KIM PLUS 30 SINGLE BUCKET TROLLEY

BLUE/GREEN/YELLOW/RED/BLACK WITH PRESS

An excellent companion for efficient and hygienic cleaning. Thanks to the four smooth-running 360° swivelling wheels the single with bucket trolley can be moved easily and conveniently. Robust and user-friendly design.

PREMIUM-LINE DISPOSAL BAG

Available in 5 colours, ideal for waste separation in different areas!

SPECIFICATIONS

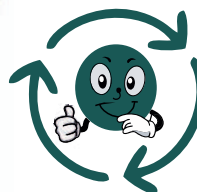

Material:	100% PES
Colour:	BLUE, GREEN, YELLOW, RED, GREY
Size:	760 x 1000 mm
Volume:	120 liter
Unit:	25 pcs
Itm.-No.:	PLS120BL  PLS120GR  PLS120GE  PLS120RO  PLS120GU 

Seamless base for longer lifetime & no gaps

The high-quality disposal bag offers enough space for transporting soiled textiles, mops or waste. It is made of **hardwearing polyester**, which is both robust and durable. Thanks to the specially developed **seamless construction** of the base, the disposal bag can be filled without worrying about unwanted tears. Thanks to its optimal dimensions and practical design, the disposal bag can be conveniently attached to cleaning trolleys and used for hygienic disposal during daily cleaning work. The bag is washable at 30-60° C, making it reusable and, compared to plastic bin liners, an environmentally friendly and economical aid that ensures tidiness and cleanliness.

DATA & FACTS

← Seamless bag base

PLASTIC GARBAGE BAGS

- Are mostly used as disposable garbage bags
- Cause huge mountains of waste
- It takes between 100 and 500 years for a plastic bag to slowly break down into harmful small parts (microplastics)

PREMIUM-LINE DISPOSAL BAG

- Specially developed seamless base
- Made from hardwearing polyester that is robust and durable
- Washable and reusable
- Environmentally friendly and economical

CLEANING & POLISHING PADS

SPECIAL PERFORMANCE PADS | GRIT LINES/ABRASIVE GRIT PAD
| SUPERPADS | ULTRA HIGH SPEED PADS | HANDPADS |
PU-PAD SYSTEMS | MELAMINE SYSTEMS |

MELAMINE HANDPAD THICK WHITE

COMPRESSION WITH GREEN PAD BACK

For removing dirt and old flooring on rubber floors, fine stone tiles, safety tiles and linoleum floors.

- Ideal for smaller areas and corners
- Made from 100 % original melamine resin foam

Size	Item-No.	Unit
250 x 115 x 25 mm	MHP250GW	10 pcs.

PROFI MELAMINE POWER-CLEAN

STAIN ERASER

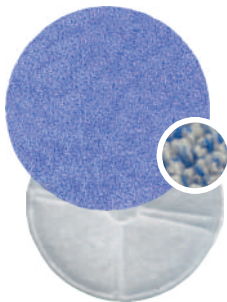

Easily removes dirt from smooth surfaces, without the addition of chemical cleaning agents.

- Flexible application options
- Removes stubborn dirt with minimal effort

Size	Item-No.	Unit
120 x 65 x 30 mm	12653	10 pcs.

MICROFIBER ROUNDPADS AND BONNET PAD

ROUNDPAD MICRO-BLUE

FOR INTERMEDIATE CLEANING ON TEXTILE FLOOR COVERINGS

For deep, maintenance and carpet cleaning of various hard floors, resilient coverings and carpets as well as for use in the Bonnet System.

- Optimum gliding properties and high dirt-removing power
- Extreme area performance
- Above-average service life
- Carrier: Pad white

Size	Item-No.	Unit
17"= 432 mm	MF43-1-MB	8 pcs.

BONNETPAD

YARN PAD WITH GREEN STRIPES FOR MAINTENANCE CLEANING

Very well suited for thorough intermediate cleaning of all textile floor coverings. Thanks to high dirt absorption, cleaning is achieved quickly and gently.

- High dirt removal power thanks to special bristles
- High area performance
- 2-sided

Size	Item-No.	Unit
17"= 432 mm	BP432	5 pcs.

SUNSHINE STRONG PLUS No1+/DARK BROWN

STEP 1+

Use for extremely stubborn soiling to pre-treat the floor covering.

- Rough, greasy, very heavily soiled surfaces
- Occasional use for stubborn stains

Size	Grain Size	Item-No.	Unit
17"= 432 mm	350	ADP-350DBR	10 pcs.

SUNSHINE STRONG PLUS No1/RED

STEP 1

Can be used for high-performance surface restoration. Intended for deep cleaning and as an initial base for the overall process.

- Rough, greasy, very heavily soiled surfaces
- Process starter/occasional application

Size	Grain Size	Item-No.	Unit
17"= 432 mm	400	ADP-500RO	10 pcs.

SUNSHINE MULTI No2/BLUE

STEP 2

Suitable for deep cleaning, creates an economical, light-reflecting surface.

- Heavily used floors, dusty areas
- Occasional use for deep cleaning
- Daily use for a light shine

Size	Grain Size	Item-No.	Unit
17"= 432 mm	800	ADP-1000BL	10 pcs.

SUNSHINE FINE No3/YELLOW

STEP 3

Suitable for daily polishing and cleaning, leaves a clear, reflective shine.

- All floors
- Maintenance of normal polish
- Daily use for high gloss polish

Size	Grain Size	Item-No.	Unit
17"= 432 mm	1500	ADP-1500GE	10 pcs.

SUNSHINE FINAL No4/GREEN

STEP 4

The very fine pad can be used wet or dry and leaves a flawless high-gloss floor. Daily use maintains and improves the polish.

- All floors
- Cleaning and polishing
- Daily use

Size	Grain Size	Item-No.	Unit
17"= 432 mm	3000	ADP-3000GR	10 pcs.

SUNSHINE GOAL No5/OLIVE

STEP 5

The ultra-fine pad ensures an incomparable and shiny floor. Daily use ensures that the floor retains its mirror-like high gloss.

- All floors
- High gloss polish
- Daily use for the "mirror shine"

Size	Grain Size	Item-No.	Unit
17"= 432 mm	8000	ADP-8000OL	10 pcs.

ECOBLACK S5Q

DRY VACUUM CLEANER MADE FROM RECYCLED PLASTIC

Small, compact dry vacuum cleaner made from recycled materials (ECOBLACK Technology). Specially developed for professional and use in commercial cleaning.

- Sturdy construction, tilt-proof
- Easy handling
- Accessory storage on the appliance
- Parking position for floor nozzle
- Dirt filtered 4 times extending life of the motor
- Includes floor nozzle, crevice nozzle short & long, upholstery nozzle, cartridge filter, suction pipe, suction hose and fleece filter bag

Size Weight	Item-No.	Unit
34 x 33 x 31,5 cm 4,2 kg	EBS5Q	1 Set

Mains voltage	220-240 V/ 50 Hz
Power	800 W
Volume	10 l
Water column	2200 mmH ₂ O
Cable length	10 m
Noise level	78 dB

AVAILABLE SOON!

ECOBLACK S5Q FLEECE FILTER BAG 3-PLY

Tear-resistant 3-ply non-woven filter bags for optimum dirt absorption.

Item-No.	Unit
S5Q-VFT	15x10 pcs.

ECOBLACK S9Q

DRY VACUUM CLEANER MADE FROM RECYCLED PLASTIC

Made from recycled materials (ECOBLACK Technology). Has been specially developed for professional use and application in building cleaning.

- Sturdy construction, tilt-proof
- Easy handling
- Accessory storage on the appliance
- Parking position for floor nozzle
- Dirt filtered 5 times extending life of the motor
- Includes floor nozzle, crevice nozzle short & long, upholstery nozzle, cartridge filter, suction pipe, suction hose and fleece filter bag

Size Weight	Item-No.	Unit
33 x 40 x 40 cm 7 kg	EBS9Q	1 Set

Mains voltage	230 V/ 50 Hz
Power	1250 W
Volume	12 l
Water column	2500 mmH ₂ O
Air delivery	53 l/s
Cable length	10 m
Noise level	68 dB

ECOBLACK S9Q FLEECE FILTER BAG 3-PLY

Tear-resistant 3-ply non-woven filter bags with optimum dirt absorption.

Item-No.	Unit
S9Q-VFT	15x10 pcs.

M5PLUS HEPA

PROFI HOOVER WITH HEPA FILTER

Flexible and economical companion for professional building cleaning. Suitable for different types of floor coverings, especially in hotels. Compact and light-weight makes it easier to carry and use.

- Sturdy construction, tilt-proof
- Rubber-tyred wheels ensure excellent agility and protect smooth floors from scratches
- Container made of impact-resistant polypropylene
- Accessory storage, parking position for floor nozzle
- 5-fold filter system, HEPA filter
- Includes floor nozzle, suction hose, 2-piece metal suction tube, crevice nozzle, upholstery nozzle, brush nozzle, HEPA filter and fleece filter bag

Size Weight	Item-No.	Unit
35 x 38 x 43 cm 5,8 kg	M5PLUS	1 Set

Mains voltage	220 V/ 50 Hz
Power	900 W
Volume	10 l
Water column	2700 mmH ₂ O
Cable length	15 m
Noise level	68 dB

M5PLUS HEPA FLEECE FILTER BAG 3-PLY

Tear-resistant 3-ply non-woven filter bags with optimum dirt absorption.

Item-No.	Unit
01070	10x10 pcs.

M5PLUS HEPA REPLACEMENT FILTER

HEPA FILTER

Filters fine dust, suspended particles and microparticles from the air with high efficiency.

Item-No.	Unit
OM-020.0	1 pcs.

PRO1PLUS

PROFESSIONAL COMMERCIAL VACUUM CLEANER

Specially developed for in building cleaning. Suitable for different types of flooring, from carpets to laminate flooring, ideal for daily maintenance cleaning.

- Sturdy construction thanks to impact-resistant materials
- With power switch (750 and 1200 W)
- Rubber-tyred wheels, as well as wall and furniture protection strip
- Exhaust air filter cassette for cleaning the exhaust air
- Secondary air valve for cooling the motor
- With large, handy handle for easy and safe transportation
- Accessory storage on the appliance
- Parking position for floor nozzle
- Orange power cable with secure plug-in system reduces the risk of tripping hazards
- Includes floor nozzle, suction hose, 2-piece metal suction tube, crevice nozzle, upholstery nozzle, brush nozzle and fleece filter bag

Size Weight	Item-No.	Unit
35 x 42 x 32 cm 7,7 kg	PRO1PLUS	1 Set

Mains voltage	230 V/ 50 Hz
Power	750 W / 1200 W
Air volume	10 l
Air delivery	53 l/s
Negative pressure	27 kPa
Cable length	15 m
Noise level	67 dB

PRO1PLUS FLEECE FILTER BAG 3-PLY

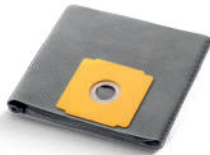

WHITE

Tear-resistant 3-ply non-woven filter bags with optimum dirt collection.

Item-No.	Unit
01313	15x10 pcs.

PRO1PLUS PERMANENT FILTER

REUSABLE

Reusable textile permanent oxygen filter with optimum dirt collection.

Item-No.	Unit
OH-077	1 pcs.

M5PLUS AND PRO1PLUS TURBO NOZZLE

WITH BRUSH ROLLER

The turbo nozzle guarantees deep cleaning during carpet cleaning thanks to the integrated brush roller. Deep-lying dirt is removed from the carpet. The brush roller also raises the pile of the carpet.

Item-No.	Unit
TB-P1-M5	1 pcs.

MAGIC VIBRATING SUCTION NOZZLE

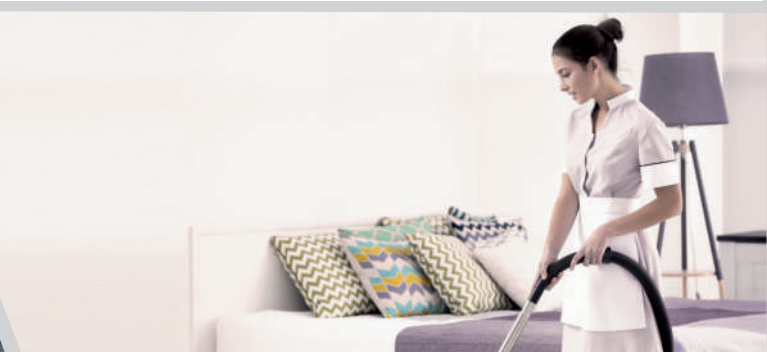

UNIVERSALLY SUITABLE FOR ALL VACUUM CLEANERS

Suitable for cleaning and removing dust mites from all textile surfaces.

- The vibrating suction enables dirt, dust, mites etc. to be removed.
- Suitable for all commercially available vacuum cleaners

Item-No.	Unit
01271	1 pcs.

WET/DRY VACUUM CLEANER

ECOBLOCK WD 20 P

THE ECONOMICAL WET/DRY VACUUM CLEANER

Ideally suited for hotels, schools, industrial trade and public buildings.

- Made from recycled materials
- Powerful motor
- Incl. floor nozzle with suction lips and brush, crevice nozzle, upholstery nozzle, cartridge filter, 2-part plastic suction pipe, suction hose

Size Weight	Item-No.	Unit
42 x 42 x 55 cm 11 kg	EB20WD	1 Set
Max. Power consumption	1200 W	
Container Capacity	20 l	
Actual capacity	12 l	
Water column	245 mbar	
Air delivery	61 l/ s	
Cable length	5 m	
Noise level	65 dB	

WD 22 P

WET/DRY VACUUM CLEANER WITH 22 LITRE CAPACITY VOLUME

Ideally suited for hotels, schools, industrial trade and public buildings.

- Highly efficient, powerful motor
- Accessory holder
- Exhaust air filter for versatile use
- Automatic float switch-off for a long service life
- Incl. dry floor nozzle, water nozzle, brush nozzle, crevice nozzle, upholstery nozzle, textile filter, suction pipe, suction hose

Size Weight	Item-No.	Unit
50 x 38 x 48,5 cm 8,7 kg	WD22P	1 Set
Max. Power consumption	1250 W	
Container Capacity	22 l	
Actual capacity	11 l	
Water column	235 mbar	
Air delivery	71 l/ s	
Cable length	10 m	
Noise level	60 dB	

WD 36 P

WET/DRY VACUUM CLEANER WITH 36 LITRE CAPACITY VOLUME

Ideally suited for hotels, schools, industrial trade and public buildings.

- Highly efficient, powerful motor
- Accessory holder
- Exhaust air filter for versatile use
- Automatic float switch-off for a long service life
- Incl. dry floor nozzle, water nozzle, brush nozzle, crevice nozzle, upholstery nozzle, textile filter, suction pipe, suction hose

Size Weight	Item-No.	Unit
50x 38 x 68,5 cm 9,6 kg	WD36P	1 Set
Max. Power consumption	1250 W	
Container Capacity	36 l	
Actual capacity	25 l	
Water column	235 mbar	
Air delivery	71 l/ s	
Cable length	10 m	
Noise level	60 dB	

WD 50 PD

WET/DRY VACUUM CLEANER WITH 50 LITRE CAPACITY VOLUME

Ideal for hotels, schools, industrial, trade and public buildings

- Highly efficient, powerful motor
- Chassis made of impact-resistant plastic with accessory holders
- Equipped with a drain hose for emptying the container
- Exhaust air filter for cleaner air
- Automatic float switch-off for a longer life
- Incl. dry floor nozzle, water nozzle, brush nozzle, crevice nozzle, upholstery nozzle, textile filter, suction pipe, suction hose

Size Weight	Item-No.	Unit
52,5 x 49,5 x 82,5 cm 12,5 kg	WD50PD	1 Set
Max. Power consumption	1450 W	
Container Capacity	50 l	
Actual capacity	35 l	
Water column	260 mbar	
Air conveying	74 l/s	
Cable length	10 m	
Noise level	62 dB	

WD 80/2 PT

WET/DRY VACUUM CLEANER WITH 80 LITRE CAPACITY VOLUME

Ideal for hotels, schools, industrial, trade and public buildings

- Two highly efficient, powerful motors
- Chassis made of impact-resistant plastic with accessory holders
- With tilting frame for easier emptying of the container
- Exhaust air filter for cleaner air
- Automatic float switch-off for a longer life
- Incl. dry floor nozzle, water nozzle, brush nozzle, crevice nozzle, upholstery nozzle, textile filter, suction pipe, suction hose

Size Weight	Item-No.	Unit
61 x 52 x 92 cm 19 kg	WD80/2PT	1 Set
Max. Power consumption	2500 W	
Container Capacity	80 l	
Actual capacity	56 l	
Water column	225 mbar	
Air conveying	142 l/s	
Cable length	10 m	
Noise level	62 dB	

HIGH-PERFORMANCE & VERSATILE!

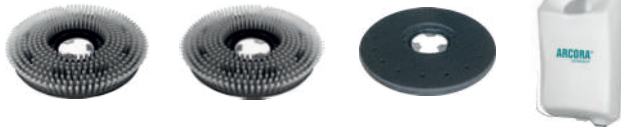

SINGLE DISC MACHINE

SD17

SINGLE-DISC MACHINE INCL. ALL ACCESSORIES

Powerful single-disc machine for universal and versatile use. Suitable for intensive cleaning of all floor coverings and for light polishing work.

- Robust planetary gearbox
- Complete accessories for all surfaces
- Integrated 10 liter fresh water tank
- Tool-free brush and disc change
- Large rubberized wheels for easy transport
- Incl. scrubbing brush, shapooning brush, pad pad, fresh water tank

Weight	Item-No.	Unit
38 kg	SD17SET	1 Set

Power	1200 W	
Mains voltage	220-240 V / 50 Hz	
Brush speed	154 U/min.	
Disc diameter	17"/ 432 mm	
Drive disk diameter	16-17"	
Fresh water tank	10 Liter	
Cable length	12 m	

IN SET INCLUDED

Product	Item-No.	Unit
Scrubbing brush 17"	SD17-FB	1 pcs.
Shampoo brush 17"	SD17-SHB	
Pad driving plate 17"	SD17-PH	
Fresh water tank 10 l	SD17-10L	

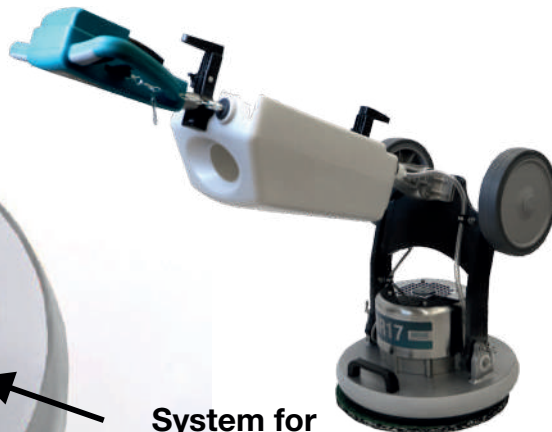

ORBITAL MACHINE

ORBITAL HEAVY OR17

ORBITAL MACHINE

The HEAVY OR17 orbital machine impresses with its combination of eccentric and rotary movement. The oscillating head adapts to all surfaces and also makes it possible to work on uneven floors. The special orbital technology significantly improves the mechanical cleaning power. This minimizes other factors and even makes them superfluous. Orbital technology ensures easy removal of coatings without chemicals. The HEAVY OR17 orbital machine is ideally suited for treatments such as polishing, crystallization and micro-sanding of marble, cement, stone, parquet, clay tiles and stoneware and is also ideal for cleaning sensitive surfaces such as carpets.

- Robust construction
- User-friendly, fatigue-free working
- Incl. fluid tank, drive plate, blocking system

System for blocking of the head

Weight	Item-No.	Unit
71,5 kg	OR17SET	1 Set

Power	1300 W	
Mains voltage	220-240 V / 50 Hz	
Brush/pad pressure	48,2 g/cm ²	
Underride height	285 mm	
Revolutions	1500 U/min	
Noise level	< 54 dB	
Liquid tank	12 l	
Cable length	12 m	

ANIKO 350 DUO BRUSH

DRY CARPET CLEANING MACHINE

Ideal for cleaning carpets. It can also be used on hard floor coverings. From working in cleaning agents to picking up dirt, the machine with its contra-rotating brush system is ideal for daily use.

- Drying times are very short, there is no residue and the floor can be walked on immediately
- Narrow working width of 35.5 cm enables use in confined spaces
- Removal of coarse dirt
- Dry and wet cleaning possible
- Floor brushing
- Suitable for use in cleaning companies, hotels, trains, cinemas, bars, hospitals and public facilities, etc.

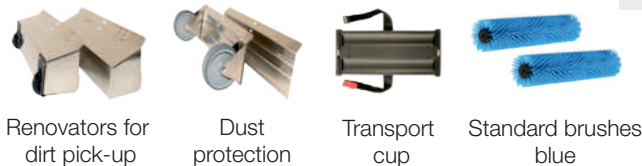

Size Weight	Item-No.	Unit
40,5 x 28,5 x 23 cm 21,3 kg	ANIKO350	1 Set
Power output	600 W	
Brush speed	483 U/min.	
Cleaning performance carpet	bis 100 m ² /h	
Hard floor cleaning performance	bis 200 m ² /h	
Dirty water tank	2,8 l	
Noise level	57,8 dB	
Cable length	10 m	

SPECIAL ACCESSORIES

Product	Item-No.	Unit
Replacement brush standard blue	01266	1 pcs.
Spare brush, soft, white	01267	
Spare brush hard, dark brown	01268	
Spare brush extra hard, black	01269	

INCLUDED IN THE SET

Renovators for dirt pick-up

Dust protection

Transport cup

Standard brushes blue

TENAS GRANULATE

CARPET CLEANING GRANULES WITH ENCAPSULATION SYSTEM

Removal of deep-seated dirt from carpets. The granules are very skin-friendly. Street dirt, food and drink stains, even coffee or red wine as well as oil, grease, shoe polish, etc. are completely removed. Made from plant substances and biodegradable.

- Dry granules eliminate the need for drying times
- Carpet can be walked on immediately
- Leaves no residue or water marks

pH 7

Container	Item-No.	Unit
1 kg Bag	01261	10x1 kg
10 kg Bucket	01262	1x10 kg

SPRAY EXTRACTION MACHINES

ANIKO 30

SPRAY EXTRACTION MACHINE

Spray extraction machine for professional cleaning of small carpets and hard floor surfaces. Suitable for use in cleaning companies, hotels, restaurants, offices, trains, cinemas, aeroplanes, hospitals and public facilities and much more.

- Tank manufactured from robust polyethylene
- Strong suction enables good cleaning results and quick drying
- Small working width of 27 cm
- Brass coupling, suction motor with thermal protection against overloading
- Height-adjustable handle for better ergonomics
- Incl. suction lance for carpets and hard floors

Size Weight	Item-No.	Unit
30 x 42 x 53 cm 12 kg	ANIKO30	1 Set
Power output	1500 W	
Suction motor / max. air output	two-stage / 45 l/sec.	
Fresh/dirty water tank	14 l / 14 l	
Water column	3000 mmH ₂ O	
Pump output with by-pass	70 W, 4,0 bar, 1,5 l/min	
Area performance	60 m ² /h	
Number of nozzles	1	
Cable length	10 m	
Hose length	2,5 m	
Noise level	66 dB	

SPECIAL ACCESSORIES

Product	Item-No.	Unit
Plastic upholstery adapter	01253	1 pcs.
Aluminium upholstery adapter	01252	

ANIKO 60

SPRAY EXTRACTION MACHINE

Spray extraction machine for professional cleaning of small carpets and hard floor surfaces. Suitable for use in cleaning companies, hotels, restaurants, offices, trains, cinemas, aeroplanes, hospitals and public facilities and much more.

- Tank manufactured from robust polyethylene
- Brass coupling, suction motor with thermal protection against overload
- Strong suction enables good cleaning results and quick drying
- Narrow working width of 30 cm
- Height-adjustable handle for better ergonomics
- Diaphragm pump with by-pass
- Incl. suction lance for carpets

Size Weight	Item-No.	Unit
38 x 50 x 78 cm 24 kg	ANIKO60	1 Set
Power output	1500 W	
Suction motor/max. air output	two-stage / 45 l/sec.	
Fresh/dirty water tank	30 l / 30 l

430BM/40L

COMPACT SCRUBBER DRYER MACHINE

This compact walk-behind scrubber dryer is ideal for basic and maintenance cleaning, especially in high-traffic areas such as supermarkets, offices and public facilities. Particularly suitable for confined areas. Characterised by flexibility, user-friendliness and outstanding cleaning performance. Surfaces are cleaned reliably, quickly and without leaving any residue.

- Easy handling, ergonomic design
- Optimum cleaning performance
- Robust, compact design
- Simple brush and pad holder change
- Highly manoeuvrable
- Incl. charger, batteries, pad holder, scrubbing brush

	Weight	Item-No.	Unit
	45 kg / 95 kg (m. Battery)	SCR430BM	1 Set

Working time	3 h		

AVAILABLE SOON!

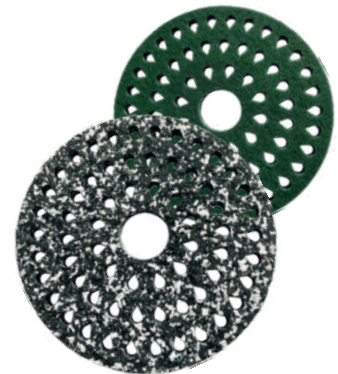

WHY ARCORA® PU-PAD?

Light

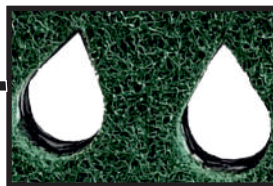

The 100 % environmentally friendly pad with waterdrop system (water drop perforation) is the ideal pad for maintenance cleaning, **especially with smaller scrubber drier machines.**

The ARCORA® PU-PAD Light...

- enables an area performance for maintenance cleaning of up to **80.000 m²**.
 - is perfect for **smaller scrubber drier machines.**
 - has a special **robustness and durability** due to the composition of polyester, polyether and a fixation of polyurethane.
 - is applicable on all types of water resistant elastic and hard floor coverings, even on porcelain stoneware floors and safety floors up to R13.
 - has a **higher water absorption** than conventional pads.
 - is **100% environmentally friendly** due to the exclusive use of recycled products.
- ensures a lower pressure specially on **small-battery scrubber-drier machines** with lower Ah battery, e.g. 56 Ah, and enables longer running time.
 - supports the running time of lithium batteries.
 - reduces the pressure on motors and batteries which enables a higher m² performance.
 - leads to a lower pressure on small cable scrubber-drier motors.

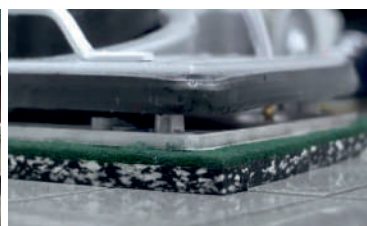

Waterdrop System

PLUS-MINUS effect

- better glide on the floor & better dirt absorption
- better water distribution & water saving

TOWARDS A SUSTAINABLE AND ENVIRONMENT FRIENDLY WORLD

510BM/50L

SCRUBBER DRYER MACHINE

The walk-behind scrubber dryer is ideal for deep and maintenance cleaning, especially in high foot-fall frequented areas such as shopping centers, supermarkets, offices and public facilities. It is characterized by flexibility, user-friendliness and excellent cleaning performance. Thanks to the large brush diameter, large areas are reliably cleaned quickly and cleaned without leaving any residue.

- Easy handling, ergonomic design
- Optimum cleaning performance
- Robust and simple construction
- Easy brush and drive plate replacement
- Extremely agile
- Very good suction
- Incl. integrated charger, batteries, drive plate, scrubbing brush

Weight	Item-No.	Unit

SCRUBBER DRYER MACHINES

RO-MAN 660BR/90L

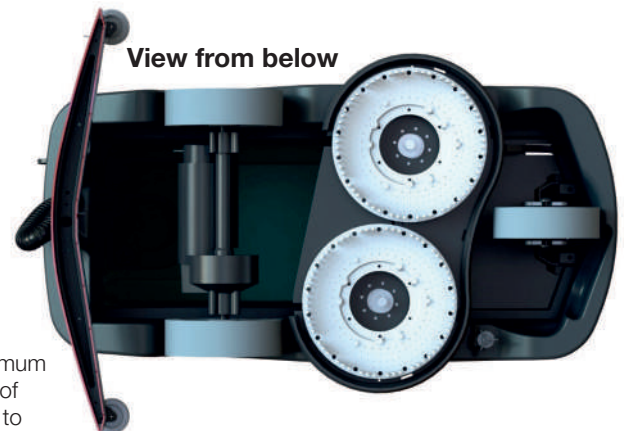

RIDE-ON SCRUBBER DRYER MACHINE

The battery-powered, compact RO-MAN 660BR/90L ride-on scrubber-dryer cleans medium to large areas and reliably without leaving any residue. Thanks to its high cleaning performance with 2 brushes or 2 drive plates and ergonomic operation, effortless and user-friendly cleaning is guaranteed.

Weight	Item-No.	Unit
262 kg	SCR660BR	1 Set

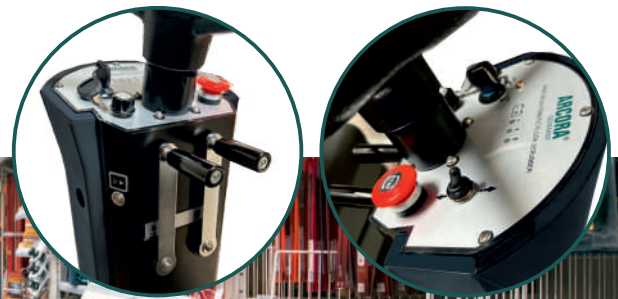

Rated voltage	2 x 12 V (24 V) 150 Ah
Working width	660 mm/ 2 x 330 mm (2 x 13")
Brush motor	2 x 400 W
Brush speed	180 U/min
Suction motor	450 W
Max. Vacuum	160 mbar
Motor Wheel drive	500 W
Max. speed	0-7 km/h
Fresh water tank	90 L
Dirty water tank	100 L
Area coverage	ca. 3800 m ² /h
Runtime/charging time	2,5 h / 8 h
Suction width	1000 mm
Dimensions	140 x 75 x 139 cm

View from below

Simple operation and design ensure reliable and long-lasting use. The maximum speed of 7km/h can be adjusted according to the environment and degree of soiling. A 90 l fresh water tank and a 100 l dirty water tank make it possible to clean large areas.

- Compact and robust ride-on machine
- Highly manoeuvrable, making it also ideal for confined areas
- Quiet operation
- Easy to change brushes and drive plates
- Very strong suction
- Incl. batteries, integrated charger, 2 x drive plates, 2 x scrubbing brushes

RO-MAN 760BR/150L

RIDE-ON SCRUBBER DRYER

The battery-powered, compact RO-MAN 760BR/150L ride-on scrubber-dryer impresses with its high cleaning performance, reliability and user-friendliness. The ride-on scrubber dryer cleans medium-sized and particularly large areas quickly, conveniently and reliably without leaving any residue. With 2 brushes or 2 drive discs and ergonomic operation, effortless and user-friendly cleaning is guaranteed.

Simple mechanical design means simple operation, reliability, and durability. With a maximum speed of 6 km/h, the speed can be adjusted according to the environment and the degree of soiling. A 150 litre fresh water tank and a 160 litre dirty water tank make it possible to clean large areas.

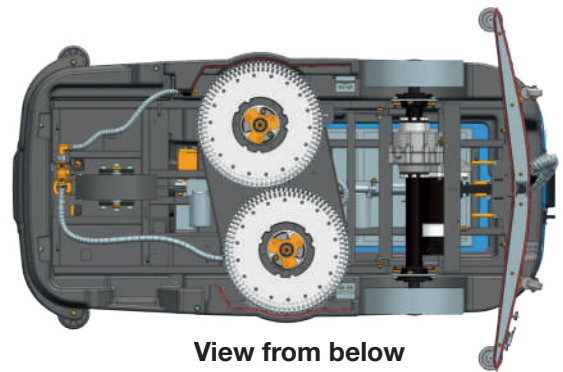

- Compact and robust ride-on machine
- Highly manoeuvrable, making it also ideal for confined areas
- Quiet operation
- Easy to change brushes and drive discs
- Very high suction
- Incl. batteries, integrated charger, 2 x driving discs, 2 x scrubbing brushes

Weight	Item-No.	Unit
295 kg	SCR760BR	1 Set

Nominal voltage	24 V (DC)
Working width	762 mm/ 2 x 381 mm (2 x 15")
Brush motor	2 x 450 W
Brush speed	175 U/min
Suction motor	500 W
Max. Vacuum	220 mbar
Motor Wheel drive	1200 W
Max. speed	0-6 km/h
Fresh water tank	150 l
Dirty water tank	160 l
Area coverage	ca. 4500 m ² /h
Runtime/charging time	3 h / 10 h
Suction width	1100 mm
Dimensions	175 x 91 x 159 cm

AVAILABLE SOON!

TIGER JET 140 PROFESSIONAL

HIGH PRESSURE CLEANER 220 VOLT SYSTEM

The compact, robust and powerful cold water high-pressure cleaner with outstanding cleaning performance and easy handling is suitable for most professional all-round cleaning jobs with stubborn dirt.

- Quick-change plug-in system for accessories
- Infinitely variable pressure regulation
- With pump filter to protect the pump motor from damage such as dirt or other particles for a longer service life
- Manual and automatic switch-off for simple operation
- Incl. high-pressure lance, foam gun, high-pressure hose, pump and water filter

Weight	Item-No.	Unit
65 kg	TOR140HP	1 Set

Water flow rate	12 l/min -720 l/h
Working pressure	140 bar / 2030PSI
Pump material	Brass
Inlet capacity	3,4 kW
Connection	220 V/ 50 Hz 1-phase
Inlet temperature	40 °C
Motor speed	1450 rpm
Hose length	10 m
Cable length	2,5 m
Nozzle tips	0.30
Dimensions	70 x 45 x 96 cm

TIGER JET 170 PROFESSIONAL

HIGH PRESSURE CLEANER HIGH CURRENT CONNECTION

The compact, robust and powerful cold water high-pressure cleaner with outstanding cleaning performance and easy handling is suitable for most professional all-round cleaning jobs with stubborn dirt.

- Quick-change plug-in system for accessories
- Infinitely variable pressure regulation
- With pump filter to protect the pump motor from damage such as dirt or other particles for a longer service life
- Manual and automatic switch-off for simple operation
- Incl. high-pressure lance, foam gun, high-pressure hose, pump and water filter

Weight	Item-No.	Unit
75 kg	TOR170HP	1 Set

Water flow rate	12 l/min -720 l/h
Working pressure	170 bar / 2465 PSI
Pump material	Brass
Inlet capacity	4 kW
Connection	380 V/ 50 Hz 3-phase
Inlet temperature	40 °C
Motor speed	1450 rpm
Hose length	10 m
Cable length	2,5 m
Nozzle tips	0.40
Dimensions	70 x 45 x 96 cm

TIGER JET 200 PROFESSIONAL

HIGH PRESSURE CLEANER HIGH CURRENT CONNECTION

The compact, robust and powerful cold water high-pressure cleaner with outstanding cleaning performance and easy handling is suitable for demanding, extensive cleaning jobs with stubborn dirt.

- Quick-change plug-in system for accessories
- Infinitely variable pressure regulation
- With pump filter to protect the pump motor from damage such as dirt or other particles for a longer service life
- Manual and automatic switch-off for simple operation
- Incl. high-pressure lance, high-pressure hose, pump and water filter

Weight	Item-No.	Unit
75 kg	TOR200HP	1 Set

Water flow rate	15 l/min -900 l/h
Working pressure	200 bar / 2900 PSI
Pump material	Brass
Inlet capacity	5,5 kW
Connection	380 V/ 50 Hz 3-phase
Inlet temperature	40 °C
Motor speed	1450 rpm
Hose length	10 m
Cable length	2,5 m
Nozzle tips	0.40
Dimensions	70 x 45 x 96 cm

SANITARY FRAGRANCE INSERTS

FRAGRANCE URINAL SCREEN

MAXI

The **MAXI** FRAGRANCE URINAL SCREEN ensures a fresh and clean odor, especially in sanitary areas. For all standard urinals.

- Effective fragrance for at least 30 days
- Prevents blockages caused by cigarettes or chewing gum
- Special nubs prevent urine splashes

Size	Item-No.	Unit
Ø17 cm	1717US-TF 1	1 pcs.
	1717US-TP 2	
	1717US-LE 3	
	1717US-MN 4	
	1717US-CH 5	
	1717US-SP 6	

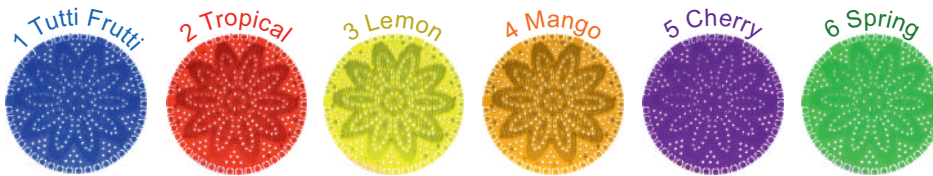

FRAGRANCE URINAL SCREEN

MINI

The economical **MINI** FRAGRANCE URINAL SCREEN ensures a fresh and clean odor, especially in sanitary areas. For all standard urinals.

- Effective fragrance for at least 30 days
- Prevents blockages caused by cigarettes or chewing gum
- Special nubs prevent urine splashes

Size	Item-No.	Unit
Ø14 cm	1414US-TF 1	1 pcs.
	1414US-TP 2	
	1414US-LE 3	
	1414US-MN 4	
	1414US-CH 5	
	1414US-SP 6	

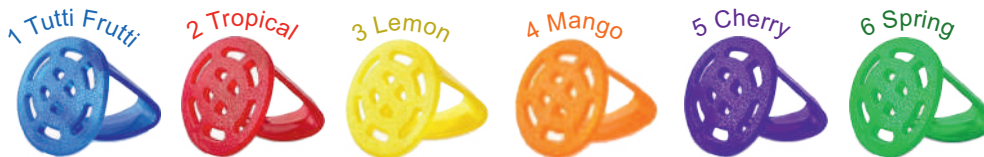

WC FRAGRANCE HANGER/AIR FRESHENER

FOR HANGING UP AS FRAGRANCE CLIP

The FRAGRANCE CLIP, specially developed for toilet bowls and urinals, removes odors discreetly and safely. It creates a fresh atmosphere. Can also be used as an air freshener in other areas. The product is also suitable for freshening the air in e.g. sports bags, lockers, shoe cupboards and containers.

- Effective fragrance for at least 30 days
- Easy to use thanks to clip system
- Universally applicable

Size	Item-No.	Unit
10 x 8 cm	108DC-TF 1	1 pcs.
	108DC-TP 2	
	108DC-LE 3	
	108DC-MN 4	
	108DC-CH 5	
	108DC-SP 6	

ARSAN PROFI JUMBO DISPENSER

ROUND

The JUMBO DISPENSER is ideal for high usage areas with e.g. in the food processing industry and public facilities.

- Less effort
- High impact resistance, break- and scratch-resistant
- Resistant to water based chemicals

Size	Item-No.	Unit
310 x 325 x 130 mm	TPJS310WE	1 pcs.

ARSAN PROFI FOLD TOWEL DISPENSER SMALL

W-FOLDING

The FOLD TOWEL DISPENSER SMALL is perfect for areas with low to medium usage e.g. kitchens, restaurants, offices.

- Hygienic single sheet removal
- Reduced paper consumption
- Unbreakable and scratch-resistant dispenser with low weight

Size	Item-No.	Unit
275 x 225 x 95 mm	FHS-IW200K	1 pcs.

ARSAN PROFI FOLD TOWEL DISPENSER LARGE

UNIVERSAL

The FOLD TOWEL DISPENSER LARGE UNIVERSAL is suitable for areas with medium to high usage, e.g. in public facilities, restaurants or kitchens.

- Hygienic single sheet removal
- Reduced paper consumption
- Unbreakable and scratch-resistant dispenser with low weight

Size	Item-No.	Unit
270 x 280 x 130 mm	FHS-CVZZ400G	1 pcs.

ARSAN PROFI CENTERFEED DISPENSER

ROUND

The CENTERFEED DISPENSER is used in the HoReCa, offices, schools, nurseries and fitness studios.

- Optimal removal and easy filling
- Single and multiple sheet dispensing possible
- Robust and impact-resistant dispenser with low weight

Size	Item-No.	Unit
220 x 310 x 210 mm	HTR-0001	1 pcs.

ARSAN PROFI SOAP DISPENSER 500 ml

WHITE

The 500 ml SOAP DISPENSER is particularly suitable for use in kitchens, restaurants, schools, nurseries, fitness studios, etc.

- Soap quantity individually adjustable
- Impact-resistant and scratch-proof dispenser
- Low dispenser weight

Size	Item-No.	Unit
105 x 170 x 125 mm	SS500WE	1 pcs.

ARSAN PROFI SOAP DISPENSER 1000 ml

WHITE

The 1000 ml SOAP DISPENSER is particularly suitable for areas with medium to high usage, e.g. public facilities or gastronomy.

Size	Item-No.	Unit
155 x 125 x 220 mm	SS1000WE	1 pcs.

HIGH QUALITY & INDIVIDUAL

COMFORTABLE

PRACTICAL

FUNCTIONAL

ADVERTISE WITH YOUR NAME!

For purchases large or small, workwear with your own logo & corporate identity.

For professional and expert advice our team is at your disposal!

I. Scope and offer

The following terms and conditions apply exclusively to all business transactions between the seller and the buyer. They shall therefore also apply to all future deliveries by the seller, even if they are not expressly agreed again. Conflicting or deviating terms and conditions or agreements of the buyer shall only become effective with the written consent of the seller. These General Terms and Conditions shall be deemed to have been accepted at the latest upon acceptance of the delivery or service of the seller. Verbal collateral agreements and amendments to the contract must be made in writing to be effective. The same applies to warranted characteristics of the delivered goods. The seller's offers are subject to change.

II. Delivery

If there are no special instructions from the Buyer regarding the choice of transport route, the Seller shall carry out the delivery at its own dutiful discretion. If collection by the Buyer has been agreed, the Buyer must accept delivery within 3 days of being notified of completion. Otherwise, shipment shall be made at the Buyer's expense without further inquiry at the Seller's discretion. Deliveries are always made ex warehouse Aschheim near Munich.

Export Switzerland & Austria:	Free delivery for orders over € 2,500
Export other EU countries:	Deliveries are made from the Aschheim warehouse or free delivery for orders over €5,000 within the EU
Export outside the EU:	Delivered ex warehouse Aschheim

If the buyer wishes to use a shipping method other than the least expensive, the additional costs shall be borne by the buyer.

III. Delivery weight

The weight determined at the time of dispatch at the supplying plant shall be decisive for determining the delivery weight.

IV. Delivery and acceptance periods

The agreed delivery period shall commence upon dispatch of the order confirmation, but not before receipt of the documents, approvals and releases to be procured by the Buyer. If the seller exceeds the agreed delivery period by more than 4 weeks, the buyer may set a grace period of 1 month for fulfillment. If delivery is not made even after the grace period has expired, the Buyer shall be entitled to withdraw from the contract.

Withdrawal must be declared in writing without delay, but at the latest within 2 weeks of expiry of the grace period set.

The buyer is not entitled to withdraw from the contract if the seller is unable to meet the grace period through no fault of his own. In this case, the Buyer may withdraw from the contract 3 months after the original delivery date has been exceeded.

If events occur which make delivery or transportation impossible or unreasonably difficult and for which the seller is not responsible, the seller shall have the right to withdraw from the contract or to postpone delivery until the obstacle has been removed. The Seller must inform the Buyer of these circumstances without delay. Partial deliveries that have already been made shall be regarded as an independent transaction. Settlement of partial deliveries may not be refused with reference to outstanding quantities. If delivery is postponed for the aforementioned reasons, the buyer has no right to set a grace period or to withdraw from the contract. If the delayed delivery/partial delivery or non-delivery/partial non-delivery is due to at least gross negligence on the part of the Buyer, the claim for damages shall be limited to the foreseeable damage. Otherwise, claims for damages are excluded.

V. Transfer of risk

Unless otherwise agreed, the risk shall pass to the Buyer upon dispatch of the delivery ex warehouse. The Buyer shall also bear the risk for all deliveries accepted during the return transport as well as for the packaging during the outward and return transport, unless the statutory liability of the carrier applies.

VI. Right of the seller to withdraw from the contract

If the buyer does not accept the delivery, the seller is entitled to withdraw from the contract after setting a grace period of 2 weeks or to claim damages for non-performance.

VII. Prices and terms of payment

All prices are quoted in € ex warehouse, including packaging costs, unless these are charged separately or otherwise agreed. The price valid on the day of delivery plus the taxes to be shown separately in the invoices shall be deemed agreed.

Outside Germany, the mutually agreed payment conditions apply.

The term of the payment periods stated in the invoice begins on the invoice date.

Payments shall be credited against the claims specified by the seller at the seller's discretion.

Checks shall only be accepted on account of performance with deduction of the costs and expenses incurred, without the purchase price being deferred as a result.

VIII. Defects

Recognizable defects must be reported to the seller immediately, at the latest within 3 consecutive working days after receipt of the delivery at the place of destination.

Samples of the rejected delivery must also be sent to the seller within this period.

If there is a defect, the Buyer may only demand subsequent delivery of the rejected consignment. If the subsequent delivery does not remedy the defect, the Buyer shall only be entitled to a reduction in price or rescission. The liability for defects agreed here also applies to all deliveries within the scope of remedying defects.

Claims due to the absence of warranted characteristics or from guarantee promises can only be asserted if these have been confirmed in writing by the seller. In this case, the buyer has the right to choose between rescission, reduction or compensation. However, the seller shall only be liable for consequential damages if a separate agreement exists in this respect. Further claims for direct or indirect damages are excluded, unless liability is mandatory in cases of intent or gross negligence.

All of the Seller's products and the relevant illustrations, brochures, advertising material etc. and the information contained therein on chemical composition, weight and mode of action are only approximate, unless they are expressly designated as binding. The Seller shall only be liable for its verbal and written advice on application technology in the event of intent and gross negligence, including with regard to any third-party property rights. The Buyer shall not be exempt from testing the products for their suitability. This also applies if the delivery is generally recommended for a specific purpose. The provisions of the agreed liability for defects shall apply accordingly to any liability of the seller.

IX. Retention of title

The delivery remains the property of the seller until full payment of all outstanding claims from the joint business relationship, including interest and costs. The buyer is revocably entitled to sell the delivery in the ordinary course of business. Any other disposal, in particular pledging, transfer by way of security or transfer by way of exchange is not permitted. The seller must be notified immediately of any seizure by a third party or any other impairment of the rights to the delivery owned by the seller. The Buyer hereby assigns to the Seller all claims and ancillary rights to which it is entitled from the resale and the business relationship with its customers in connection with the resale. In the event that the delivery is sold by the Buyer together with other goods not belonging to the Seller, the assignment of the purchase price claim shall only apply to the value of the delivery.

If the Buyer defaults on its payment obligation to the Seller or breaches one of the obligations arising from the agreed retention of title or if judicial composition or bankruptcy proceedings are instituted against its assets, all claims to which the Seller is entitled against the Buyer shall become due for payment immediately, even if payment terms have been granted under these Terms and Conditions.

If the entire remaining debt is not paid immediately, the seller shall be entitled to demand the immediate surrender of the goods to the exclusion of any rights of retention.

All costs arising from the repossession of the goods, in particular transportation and inspection, shall be borne by the Buyer. In this case, the seller shall be entitled, after prior notice and without prejudice to the buyer's obligation to pay, to realize the repossessed object of purchase together with accessories by private sale at the best possible price. After deduction of the costs, the proceeds shall be credited to the buyer's total debt.

X. Miscellaneous

If individual provisions of these terms and conditions or of the delivery transaction are or become invalid, this shall not affect the validity of the remaining provisions.

The contracting parties are obliged to agree on a new provision which comes closest to the purpose of the invalid provision.

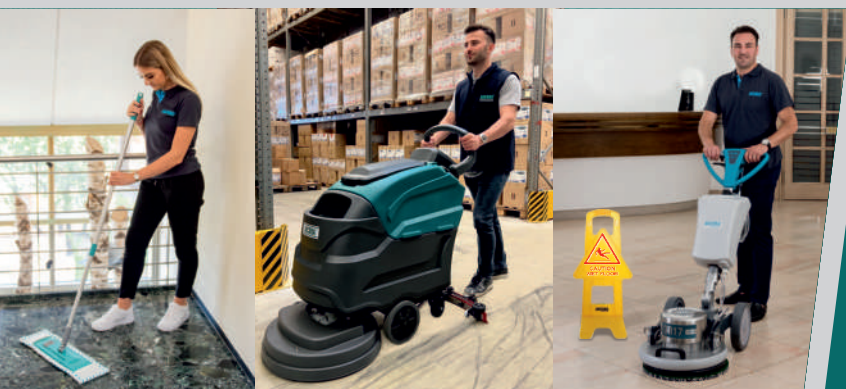

The legal relationship between the seller and the buyer shall be governed exclusively by the law of the Federal Republic of Germany.

The place of performance for all obligations arising from the delivery transaction and the place of jurisdiction for all disputes arising therefrom is Munich or the country of the business partner.

The General Terms and Conditions of **ARCORA® INTERNATIONAL** GmbH shall apply.

Your partner when it comes to professional cleaning.
