

MOP COVERS

MULTI MOP TL WHITE

Cotton cover

MADE IN EEC

SPECIFICATIONS

Yarn blend:	70% cotton, 30% polyester	
Yarn colour:	NATUR	
Cover:	50% fine cotton and 50% polyester	
Edging tape:	100% polyester white	
Pocket material:	100% polyester	
Shrinkage value:	3-4%	
Washing label:	Embroidery label in WHITE, printed on 2 sides	

Size:	40 cm	50 cm
Weight: approx:	ca. 160 g	ca. 200 g

Unit:	75 pcs	50 pcs
Item.-No.:	EMM40TL	EMM50TL

SPECIAL FEATURES

The cover sheet is made from 50% fine cotton and 50% polyester. In order to This mixing ratio is recommended to optimise the absorbency of the cover. Many competitors produce this cover sheet from 100% polyester. The material of the pockets is made of 100% woven polyester and reinforced with a sponge insert to support the gliding of the holder. The sponge insert in the pockets supports the gliding of the holder. In addition, the specially woven flap ensures optimum flap fixation on the pocket-flap holder.

PROPERTIES

Thanks to its special tufting process, which firmly anchors the loops in the cover sheet, the cotton cover offers an above-average service life. The even distribution of loops over the entire surface enables high dirt and water absorption as well as ideal gliding properties.

- Optimum dirt and water absorption
- High surface performance thanks to higher grammage
- Very good gliding properties for fatigue-free working
- Tear-resistant and water-permeable polyester pockets
- Long service life thanks to high-quality manufacturing process

APPLICATION

Can be used both dry and damp on smooth, coated and uncoated floor coverings.

AREA OF APPLICATION

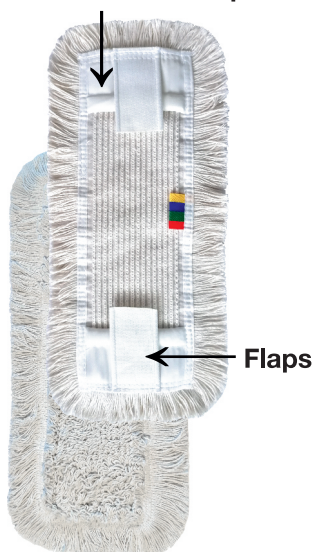

For maintenance cleaning, basic cleaning and wet and dry cleaning of all surfaces, such as resilient coverings, hard coverings, porcelain stoneware, stone floors, tiles, laminate floors and ideal for smooth floor coverings. Particularly suitable for use in industry, production facilities, supermarkets, public facilities and building cleaning.

WASHING RECOMMENDATION

A washing temperature of 60 °C is recommended. A maximum washing temperature of 90 °C should not be exceeded. The use of fabric softener and bleaching agents should be avoided. It is generally recommended to only wash single-origin items. The drying temperature should not exceed 80 °C.

Bag material made from
100% polyester with inserts
Tear-resistant & water-permeable

Flaps

Do not use fabric softener
Wash clean
