## EASY AND BRILLIANT

SUNSHINE pads are the ultimate solution for daily floor cleaning. Designed, engineered and tested for the very best cleaning results. Increase your efficiency, reduce costs and make your work easier!

## SAVE TIME AND MONEY!

Save time on cleaning!

By using SUNSHINE pads on a daily basis, ARCORA® has set new standards for efficiency and performance levels using any machine.

It's simple - cleaning goes deeper using less passes with no need for chemicals!

**ARCORA®**

### EVERY FLOOR, EVERY MACHINE

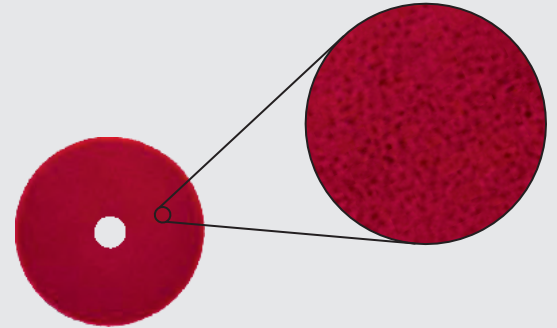

SUNSHINE pads can be used wet or dry with scrubber driers, single disc machines, oscillating machines and 3 head machines.

## ENGINEERED VERSATILITY

The biggest and most damaged floors are no barrier for the SUNSHINE pads! You don't need to alter your program, just put the right pad onto your scrubber or burnisher and start working!

Airports, stores, hospitals, hotels, schools or high-tech production plants. If the surface is right, SUNSHINE will maintain and polish it.

### **SUNSHINE Technology: better than ever**

- Open weave provides self-cleaning
- Thicker and stronger 20 mm pads
- Consistent finish on all surfaces
- Proven long-lasting results
- Lasts at least 2,5 times longer

## NO CHEMICALS, NO STRESS

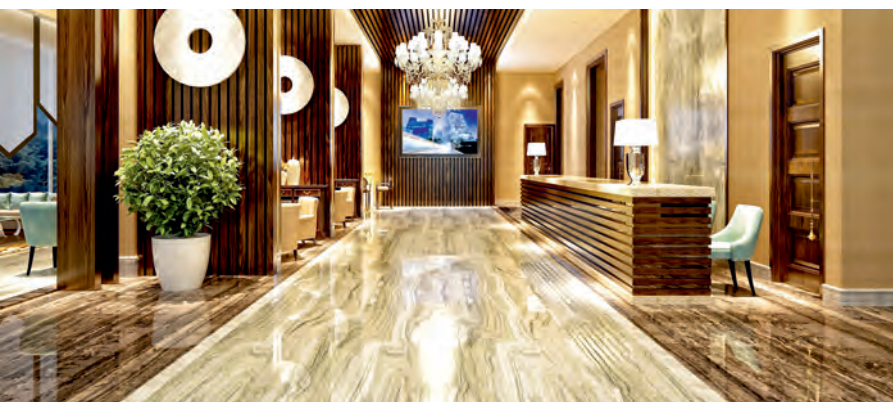

With ARCORA® knowledge gained over 32 years we have produced a range of pads that work well on a wide range of machines and on a wide range of floors only using with water.

### **EXCELLENT PERFORMANCE – WET OR DRY USE.**

Numerous possibilities:

- Scrubber driers
- Oscillating Machines
- Single Head machines over 40 kg
- UHS Burnishers over 50 kg
- Propane burnishers

No need to close large areas when working. Reduces cleaning time. No new machinery needed.

The SUNSHINE pads are always evolving in order to achieve the best possible results and keep up to date with the latest technologies.

You can use it on almost any type of floor cleaning machine and on almost any type of floor material. ARCORA® makes cleaning easy and simple.

## ENVIRONMENTALLY CONSCIOUS

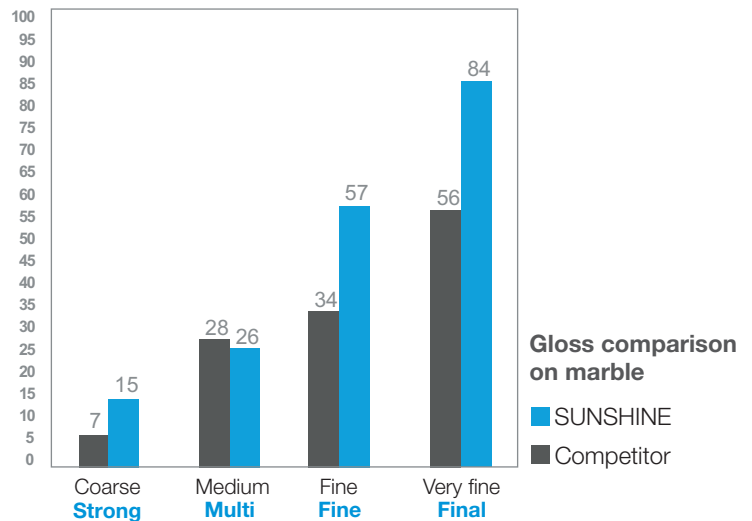

### Protect the environment!

Forget about complex and unsafe systems, with SUNSHINE you only need water to keep your floor clean and polished, you don't need to use chemicals that may be harmful or very difficult to manage. Great energy savings by being more efficient and using less cleaning time!

### Unmatched results using only water

Caring for the environment is much more than recycling! Optimizing the cleaning process with SUNSHINE means spending less energy and less time for the same job, with better cleaning results!

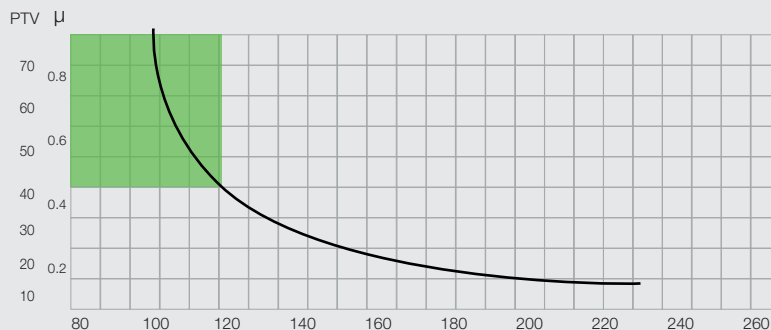

- Longer pad life = Less waste
- Clean with water = no chemicals
- No wax or additional polishing = less work
- Less passes = less energy

## LOW RISK OF SLIP

### For wet and dry floors

Wet and dry testing is constantly taking place by ARCORA®. We guarantee a very low risk of slip after using the SUNSHINE pads.

■ Reading less than 130 = Low risk of slip

PTV = Pendulum test value  
μ = Coefficient of Friction

### BEAUTIFUL SAFE FLOORS

With SUNSHINE pads you reduce the risk of slipping while improving the general look of your floors.

### SLIP SAFE

Using the latest technology, ARCORA® works always on improving the results and the general safety of a SUNSHINE cleaned and polished floor.

## **NO CHEMICALS, ONLY WATER**

The SUNSHINE pad system is incredibly versatile. It is chemical free and removes the need for expensive polymer finishes. SUNSHINE easily maintains high traffic terrazzo and stone surfaces using only water.

## **SHINY AND SLIP RESISTANT**

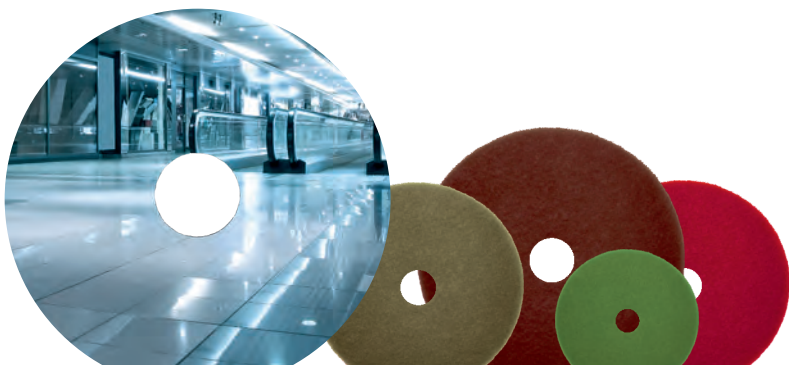

Independent testing proves that a clean floor is safer.

Avoid slippery situations and accidents while achieving the high gloss levels and reflections.

ARCORA® is constantly working to test its SUNSHINE pads on all floor surfaces.

Your partner when it comes to professional cleaning.
