PROPERTIES

The high-quality SOFT-LINE 320 cloth is universally suitable for all surfaces and impresses with its exceptional cleaning performance. Thanks to the combination of static charge and capillary action, it reliably picks up even the finest dust and dirt particles. The results are remarkably thorough, completely lint-free, and gentle on every surface.

- Double-stitched edge protection with additional quality binding
- Outstanding dirt and water absorption
- Long lifespan

APPLICATION

Suitable for both dry and damp use.

APPLICATION AREA

Ideal for regular maintenance cleaning of all surfaces. Particularly recommended for use in public facilities, hotels, and the hospitality sector - from restaurants to guesthouses.

WASHING RECOMMENDATIONS

A washing temperature of 60 °C is recommended. A maximum washing temperature of 95 °C should not be exceeded. The use of fabric softener and bleaching agents should be avoided. It is generally recommended that the product should only be washed in its pure form. Do not exceed 80°C when drying.

Do not use fabric softener.
Wash separately.
