

Powerful, universally applicable single-disc machine. Especially suitable for intensive cleaning of all types of flooring as well as for light polishing work. Thanks to its large, rubberized wheels, it is exceptionally easy to transport. A comprehensive range of accessories for all common surfaces is included.

- Robust planetary gearbox
- Complete accessory set for all surfaces
- 13-liter fresh-water tank
- Includes scrubbing brush, carpet cleaning brush, pad holder, and fresh-water tank

Suitable for deep cleaning, care film renovation, interim and maintenance cleaning, as well as the spray-cleaner method and polishing tasks. When used with ARCORA Superpads, Cleaning and polishing pads, Sunshine pads, UHS pads, and microfiber pads, it delivers optimal results on a wide variety of floor coverings.

**Item-No.: SD430SET**  
**Unit: 1 Set**
