

FUTURE MOP

TASSELLED FRINGES

COTTON COVER WITH TASSELLED FRINGES AND SPECIAL WEAVING TECHNOLOGY

Special cover sheet 50/50
with **SPECIAL WEAVING TECHNOLOGY**

SPECIFICATIONS

Yarn mixture: 50% cotton, 50% polyester
Yarn colour: NATURAL
Cover sheet: 50% fine cotton and 50% polyester
Edging tape: 100% polyester, WHITE
Pocket material: 100% polyester, PERMEABLE TO WATER
Shrinkage value: 3-4%
Washing label: Embroidery label in WHITE, embroidered on 2 sides
4-colour coding: BLUE, GREEN, YELLOW, RED

Measurements: 40 cm 50 cm
Weight: ca. 150 g ca. 195 g

UNITS: 75 pcs. 50 pcs.
article-no.: **FMO40WE** **FMO50WE**

MADE IN EEC

SPECIAL FEATURES

The mop cover and the cover sheet are made from 100% recycled yarns (50% cotton, 50% polyester). This mixing ratio is recommended to optimise the cover's absorbent qualities. Many competitors produce this cover sheet from 100% polyester. With the special weaving technology of the FUTURE MOP, the loops are firmly anchored in the cover sheet in the same operation. This **special weaving process** ensures a longer life for the mop cover. The pockets material is made of 100% woven, water-permeable polyester and reinforced with a sponge insert to help the holder glide.

PROPERTIES

The **high-quality cotton cover with tassel fringes** offers above-average durability thanks to its special tufting process. The even distribution of loops over the entire surface enables excellent dirt and water absorption as well as ideal gliding properties.

- **Optimum dirt and water absorption**
- **Very good gliding properties for fatigue-free working**
- **Tear-resistant and water-permeable polyester pockets**
- **Extra long life thanks to high-quality manufacturing process and special weaving technology**

APPLICATION

Can be used both dry and wet on smooth, coated and uncoated floor coverings.

APPLICATION AREA

For maintenance cleaning, basic cleaning and wet and dry cleaning of all surfaces, such as resilient coverings, hard coverings, porcelain stoneware, stone floors, tiles, laminate floors and ideal for smooth floor coverings. Particularly suitable for use in industry, production, supermarkets and public facilities, building cleaning and healthcare.

WASHING RECOMMENDATION

It is advisable to wash the mop cover before use. A washing temperature of 60 °C is recommended. A maximum washing temperature of 95 °C should not be exceeded. The use of fabric softener and bleach should be avoided. It is generally recommended to only wash sorted items. Do not exceed 80 °C when drying.

Pocket material made from
100% polyester with inserts
Tear-resistant & water-permeable

Do not use fabric softener
Wash according to type
