ECOBLACK®
TECHNOLOGY

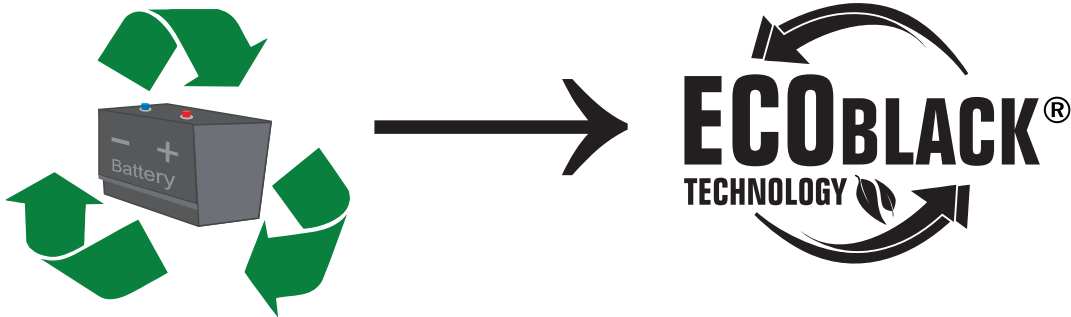

Recycled battery cases

DURABLE · RESPONSIBLE · INNOVATIVE

With **ECOBBLACK® TECHNOLOGY**, we've redefined how valuable resources can be recovered and repurposed. At the core of this innovation lies a unique recycling process: empty and discarded battery housings - once considered hazardous waste - are carefully collected, processed, and transformed into a high-quality, robust plastic. This recycled material forms the structural framework of our cleaning trolleys and vacuum cleaners, giving new life to what would otherwise contribute to environmental pollution. By avoiding the use of virgin plastic and instead turning old battery casings into durable components, we not only reduce waste, but also significantly lower CO2 emissions. The ECOBLACK® line stands out with its exceptional durability, user-friendly design, and versatile product range tailored to various cleaning requirements. Every product in this line reflects our belief that sustainability and performance should go hand in hand.

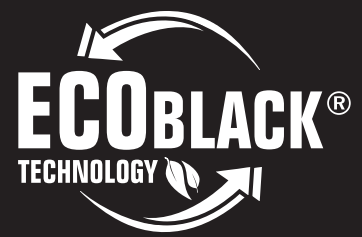

The distinctive surface of the ECOBLACK® line may feature slight color variations or visual irregularities – a hallmark of recycled material. These are NOT defects, but proof of a sustainable material lifecycle.

**ECOBBLACK® is more than just a material -
it's our contribution to a circular economy and a cleaner planet.**

Recycled battery cases

KIM 30 PLUS

Item-no.: / Unit: 1 Set

KLT25BL ■ KLT25GR ■
KLT25RO ■ KLT25GE ■
KLT25SC ■

Gross weight: 7,50 kg
Net weight: 5,50 kg

- For efficient and hygienic cleaning
- Effortless handling thanks to four smooth-running 360° swivel
- Robust and user-friendly design
- Includes 2 tanks: fresh water (30 liters) and dirty water (12 liters)
- Includes 1 x ECOBLACK plastic wringer in black
- Size: 500 x 308 x 800 mm

- Black, robust plastic frame made from recycled materials
- All 4 wheels are smooth-running and swivel 360°
- 2 x 20 liter plastic buckets in black with handles in blue and red
- ECOBLACK plastic wringer in black
- Side shelf for mop holder
- Handle for guiding the cleaning trolley with holder for aluminium handle
- With plastic storage tray
- Size: 710 x 510 x 950 mm

Gross weight: 10,00 kg
Net weight: 8,30 kg

ECO BLACK 45

Item-no.: EB45RC
Unit: 2 Set's

WITH STORAGE TRAY

ECO BLACK 70

Item-no.: EB70RC
Unit: 2 Set's

- Black, robust plastic frame made from recycled materials
- All 4 wheels are smooth-running and swivel 360°
- 1 x 20 liter plastic bucket in black with handle in red
- FlexPress plastic mop press in black
- Waste/laundry bag 70 liter with lid and zip, incl. side pocket for accessories
- Side shelf for mop and handle holder
- With plastic storage tray
- Size: 710 x 510 x 950 mm

Gross weight: 13,00 kg
Net weight: 11,00 kg

WITH STORAGE TRAY

ECO 100 BLACK 100

Item-no.: EB100RC

Unit: 1 Set

- Black, robust plastic frame made from recycled materials
- All 4 wheels are smooth-running and swivel 360°
- 2 x 20 liter plastic buckets in black with handles in blue and red
- 2 x 8 liter plastic buckets in black with handles in blue and red
- ECOBLACK plastic wringer in black
- Waste/laundry bag 70 liter with lid and zip, incl. side pocket for accessories
- Side shelf for mop and handle holder
- Size: 750 x 680 x 1140 mm

pocket for accessories

Gross weight: 16,80 kg
Net weight: 14,80 kg

ECO 120 BLACK 120

Item-no.: EB120RC

Unit: 1 Set

- Black, robust plastic frame made from recycled materials
- All 4 wheels are smooth-running and swivel 360°
- 2 plastic boxes in black with lids in blue and red
- 2 x 8 liter plastic buckets in black with handles in blue and red
- Waste/laundry bag 70 liter with lid and zip, incl. side pocket for accessories
- Side shelf for mop and handle holder
- Size: 730 x 600 x 1140 mm

ECO 440 BLACK 440

Item-no.: EB440RC

Unit: 1 Set

- Black, robust plastic frame made from recycled materials
- All 4 wheels are smooth-running and swivel 360°
- 2 x 20 liter plastic buckets in black with handles in blue and red
- 4 x 8 liter plastic buckets in black with handles in blue, green, yellow, red
- ECOBLACK plastic wringer in black
- 1 x plastic tub in black
- Waste/laundry bag 140 liter with lid incl. storage for documents
- Black plastic tray underneath the waste/laundry bag
- Side shelf for mop and handle holder
- Size: 1410 x 680 x 1100 mm

ECO 450 BLACK 450

Item-no.: EB450RC

Unit: 1 Set

Model extension of the ECOBLACK 440 with lowered 6-liter buckets and lockable lid incl. tray for work plan.

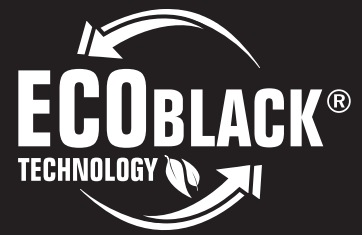

KG

Gross weight: 25,00 kg

Net weight: 22,50 kg

Recycled battery cases

ECO BLACK 550

Item-no.: EB550RC

Unit: 1 Set

- Black, robust plastic frame made from recycled materials
- All 4 wheels are smooth-running and swivel 360°
- 2 x 20 liter plastic buckets in black with handles in blue and red
- 4 x 6 liter plastic buckets in black with handles in blue, green, yellow, red in cupboard with manually lockable lid incl. storage for documents
- ECOBLACK plastic wringer in black
- 1 x plastic tub in black
- 1 x plastic box in black without lid
- With sturdy plastic doors, manually lockable
- Waste/laundry bag 140 liter with lid
- Black plastic tray underneath the waste/laundry bag
- Side shelf for mop and handle holder
- Size: 1410 x 680 x 1100 mm

Gross weight: 32,25 kg
Net weight: 29,75 kg

ECO BLACK 750

Item-no.: EB750RC

Unit: 1 Set

- Black, robust plastic frame made from recycled materials
- All 6 wheels are smooth-running and swivel 360°
- 2 x 20 liter plastic buckets in black with handles in blue and red
- 4 x 6 liter plastic buckets in black with handles in blue, green, yellow, red in cupboard with manually lockable lid incl. storage for documents
- ECOBLACK plastic wringer in black
- 1 x plastic tub in black
- 1 x plastic box in black without lid
- With sturdy plastic doors, manually lockable
- Waste/laundry bag 140 liter with lid in a second lockable cupboard
- Side shelf for mop and handle holder
- Size: 1410 x 680 x 1100 mm

lockable storage for documents etc.

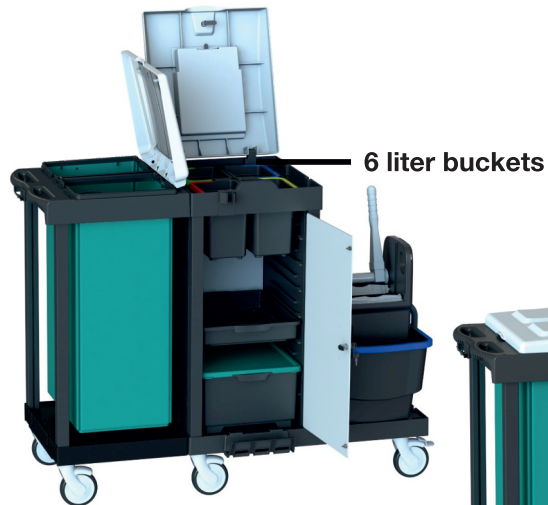

Gross weight: 40,30 kg
Net weight: 37,80 kg

BORA 550 MEDICAL 550

Item-no.: B550MD

Unit: 1 Set

- Black, robust plastic frame made from recycled materials
- All 6 wheels are smooth-running and swivel 360°
- 2 x 20 liter plastic buckets in black with handles in blue and red
- 4 x 6 liter plastic buckets in black with handles in blue, green, yellow, red in cupboard with manually lockable lid incl. storage for documents
- ECOBLACK plastic wringer in black
- 1 x plastic tray in black
- 1 x plastic box in black with lid in turquoise
- With sturdy plastic doors designed specifically for healthcare, manually lockable (key)
- Waste/laundry bag 140 liter with lid
- Side shelf for mop and handle holder
- Size: 1360 x 600 x 1115 mm

lockable storage for documents etc.

Gross weight: 36,00 kg

Net weight: 34,00 kg

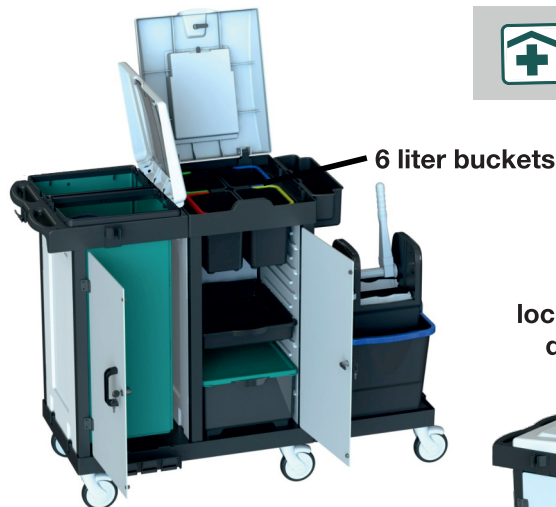

Specially designed for the health care sector

XLINE[®]
CLEANING SYSTEMS

The **BORA MEDICAL 750 X-LINE** has been specifically developed to meet the professional cleaning requirements of the healthcare sector. This cleaning trolley impresses with its high stability, well-thought-out functionality, and maximum user-friendliness. The smooth-running 150 mm wheels with 360° swivel function ensure excellent handling, even in confined or high-traffic areas. The closed system with lockable cabinets and lids allows for the safe and hygienic storage of accessories and supports structured, safe working processes. The four colour-coded 6-liter buckets are integrated into the cabinet and remain hidden from view. Thanks to the integrated box system, mop covers can be efficiently pre-soaked and transported directly, optimizing workflows and saving time. The BORA MEDICAL 750 X-LINE is largely made from environmentally friendly recycled materials (ECOBLOCK), actively contributing to the reduction of CO₂ emissions.

BORA MEDICAL 750 **XLINE**[®]
CLEANING SYSTEMS

**Specially designed for
the health care sector**

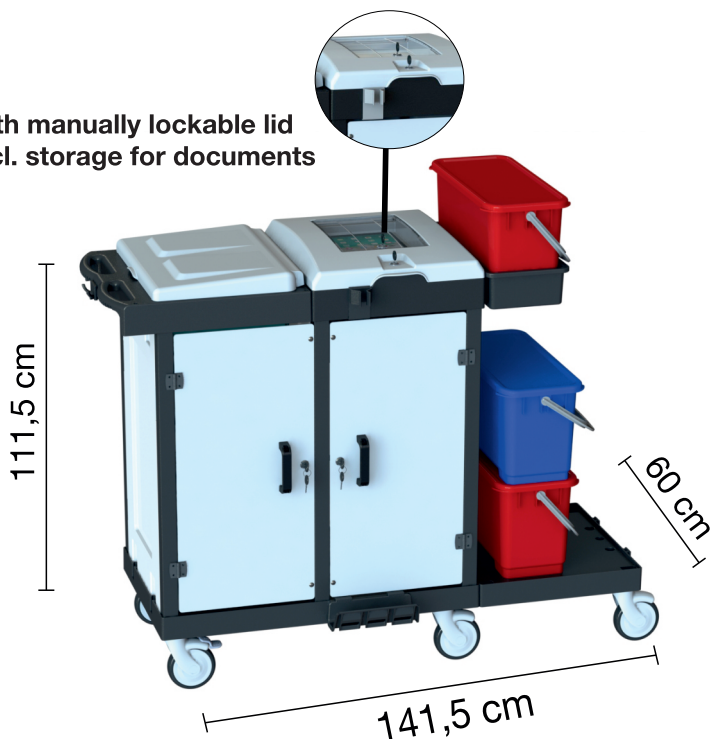

Item-no.: MD750BOX

Unit: 1 Set

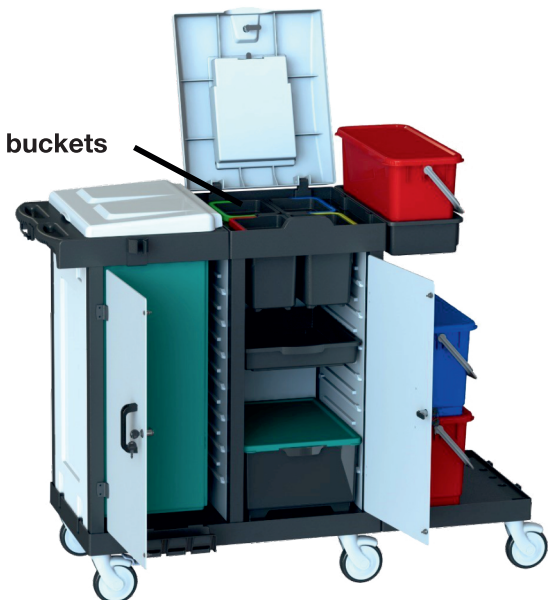

WITH PREPARATION BOX SYSTEM

- Black, robust plastic frame made from recycled materials
- All 6 wheels are smooth-running and swivel 360°
- 3 x 20 liter mop boxes, colours as desired red or blue
- 4 x 6 liter plastic buckets in black with handles in blue, green, yellow, red in cupboard with manually lockable lid incl. storage for documents
- 1 x plastic tray in black
- 1 x plastic box in black with lid in turquoise
- With sturdy plastic doors designed specifically for healthcare, manually lockable (key)
- Waste/laundry bag 140 liter with lid in a second lockable cupboard
- Side shelf for mop and handle holder

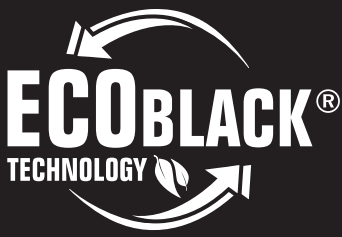

**with manually lockable lid
incl. storage for documents**

6 liter buckets

**Gross weight: 40,00 kg
Net weight: 38,00 kg**

Recycled battery cases

The **BORA MEDICAL 750 X-LINE** hygiene trolley with preparation system is optionally available with two X-LINE single mop boxes (in blue or red) or one X-LINE duo mop box (in grey). Customers can choose the box configuration that best suits their specific requirements. This flexibility ensures optimal adaptation to a wide range of applications and workflows.

X-LINE DUO MOP BOX IN GREY WITH LID INCL. BOTTOM SIEVE

The X-LINE DUO MOP BOX is specifically designed for use with Ultra Velcro mop covers and enables efficient and safe preparation of the mop covers. The DUO MOP BOX is supplied with an integrated base sieve, which ensures controlled drainage of excess liquid. This keeps the mop covers evenly and optimally moistened.

Item-no.: DUO20BOX / Unit: 1 pcs.

Size: 510 x 400 x 220 mm

For mop covers in 40 cm

X-LINE SINGLE MOP BOX BLUE OR RED WITH LID

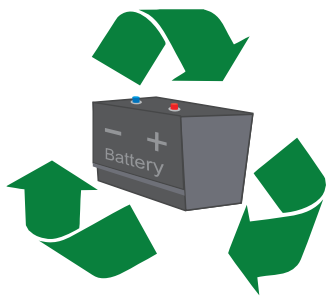

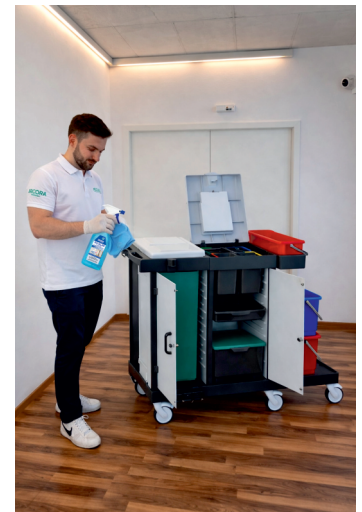

The X-LINE SINGLE MOP BOX has been specifically designed for mop covers with pockets. It features a watertight lid with a seal, allowing the box to be stored even in an inverted position. This ensures that the prepared mop covers remain reliably moist. Each box can hold up to 25 mop covers.

Item-no.: BOX20BL ■ / Unit: 1 pcs.

BOX20RO ■ / Unit: 1 pcs

Volume: 20 litres

For mop covers in 40 cm

ECOBBLACK MOP HOLDER V-STANDARD

The mop holder is suitable for all standard mop covers and stands out with its well-designed construction. The optimized weight, combined with its robust design, enables particularly ergonomic and energy-efficient operation in daily use. Its durable construction also ensures long-lasting performance and reliability, even under intensive use.

- Made from recycled materials (ECOBBLACK Technology) – for sustainable and resource-efficient production
- V-standard (spread position) ensures easy handling as well as efficient attachment and replacement of mop covers

Item-no.: EBMH40SC / Unit: 10 pcs.

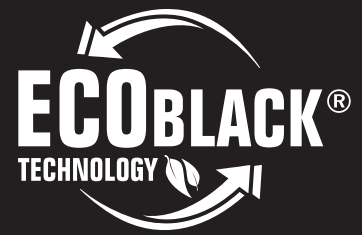

EBMH50SC / Unit: 10 pcs.

FLEXPRESS & PRESS HOLDER – INNOVATION MEETS SUSTAINABILITY

To further enhance pressing performance while consistently moving towards more sustainable production solutions, we have completely replaced our previous metal press holders with high-quality ECOBLACK® plastic press holders. This technological advancement represents not only functional optimization, but also our clear commitment to environmentally conscious practices and forward-looking product design.

With the new plastic press holders, we are setting new standards in terms of stability and durability. The specially developed design ensures even and efficient force transmission during the pressing process, significantly improving performance. Even under intensive use in professional cleaning environments, the components maintain their dimensional stability and functional reliability.

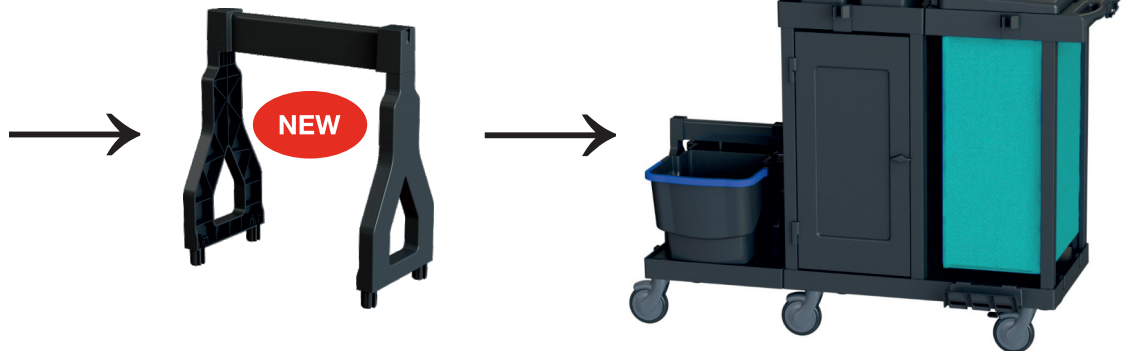

A key element of this innovation is the use of ECOBLACK®, a high-quality material based on recycled raw materials. This not only contributes to a circular economy, but also sustainably reduces resource consumption and the environmental footprint of our products. At the same time, the material meets the highest quality standards and is in no way inferior to conventional materials – on the contrary, it combines sustainability with outstanding technical performance.

In addition, the new plastic press holders offer decisive advantages in daily use. Unlike previous metal press holders, they are completely rust-free and therefore highly resistant to moisture, water, and aggressive cleaning chemicals. This not only extends the service life of the components, but also significantly reduces maintenance requirements and replacement intervals.

Metal press holder

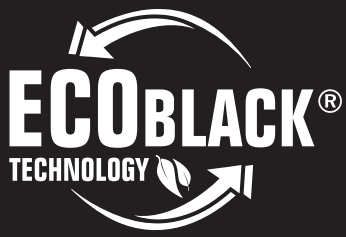

Plastic press holder

The new **FlexPress plastic mop wringer**, made with ECOBLACK® Technology, has been specifically designed for vertical wringing of mop covers. It requires less effort while delivering increased wringing performance. The FlexPress is available in two versions: a durable all-plastic version or with an ergonomic metal handle for enhanced ease of use.

Your partner when it comes to professional cleaning.
