Colour:	BLUE, GREEN, YELLOW, PINK
Size:	40x30 cm
Weight:	approx.. 50 g
Unit:	10 x 10=100 pcs
Art.-No.:	APU4030BL ● APU4030GR ● APU4030GE ● APU4030RO ●

PROPERTIES

Removes dirt thoroughly and absorbs water effectively, while remaining dimensionally stable and durable even with frequent use. The cloth is quick and easy to rinse out, dries easily and has no sewn edges. This prevents fraying and makes it ideal for daily professional cleaning applications.

- "The Indestructible One"
- Edgeless design
- Exceptionally long service life
- Saves time and costs compared to conventional cleaning cloths
- Maximum absorption of dirt and water

APPLICATION

For damp and spray cleaning. The textured surface ensures streak-free cleaning with very low linting.

APPLICATION AREA

PU-coated microfibre cloth, particularly suitable for glossy surfaces in routine cleaning. Also ideal for window and glass cleaning.

WASHING RECOMMENDATION

A washing temperature of 60 °C is recommended. The maximum washing temperature of 95 °C should not be exceeded. Avoid the use of fabric softeners and bleaching agents. In general, it is recommended to wash the cloth separately from other types of textiles.

Do not use fabric softener or bleach.
Wash separately from other types of textiles.
