SUNSHINE
ProPAD 3IN1

ADDED VALUE THROUGH INNOVATION – ARCORA® DIAMOND CLEAN TECHNOLOGY

With its **Diamond Clean Technology**, ARCORA® offers a solution for machine-based maintenance cleaning and floor care. The SUNSHINE ProPAD 3IN1 is designed for use with scrubber dryers and combines three functions in a single operation: cleaning, cross-linking and polishing. It works **exclusively with water**, without the need for additional cleaning chemicals.

MADE OF RECYCLED MATERIALS

Made from 100% recycled polyester and natural hair

THREE FUNCTIONS, ONE PAD – MAXIMUM EFFICIENCY

Unlike conventional floor pads that are designed solely for cleaning, the **SUNSHINE ProPAD 3IN1** provides brilliant results without additional work steps. With the ARCORA® SUNSHINE ProPAD 3IN1, up to **65,000 m²** of floor area can be maintained efficiently, sustainably and reliably.

- **MULTIPLE WORK STEPS WITH ONE PAD: CLEANING, CROSS-LINKING AND POLISHING WITH JUST ONE PAD**
  Fast, efficient workflow. Only one pad instead of three.
- **FOR MACHINE-BASED MAINTENANCE CLEANING**
  For coated and uncoated floors using scrubber dryers at **150–600 rpm**.
  Also suitable for scrubber dryers equipped with orbital technology.
- **ULTRA-HIGH-SPEED POLISHING**
  High-speed polishing with machines from **1500 to 3000 rpm**
- **NO ADDITIONAL SPRAY BUFFING**
  The surface is cross-linked without an additional spray-buffing step and without the use of an additional floor care product.
- **4-6 TIME LONGER SERVICE LIFE, UP TO 80% COST SAVINGS**
  Lower consumables, less storage space and labour required
- **ENVIRONMENTALLY FRIENDLY CLEANING WITHOUT CHEMICALS – ONLY WITH WATER**
  Works exclusively with water. Safe on users and floors.
- **BRILLIANT RESULTS**
  Visible after the very first application.

Area performance up to 65,000 m²

Grain size 12,000

APPLICATION

The ARCORA® SUNSHINE ProPAD 3IN1 is designed for machine-based maintenance cleaning with scrubber dryers. It is suitable for coated and uncoated floors and can be used with both walk-behind and ride-on scrubber dryers. Scrubber dryers equipped with orbital technology can also be used with the pad.The cleaning process is carried out exclusively with water. The 12,000 grit supports cleaning, cross-linking and polishing in a single operation.

APPLICATION AREA

Suitable for coated and uncoated floor coverings in commercial, industrial and public facilities, such as hospitals, shopping malls, supermarkets and airports.Depending on the floor structure and the floor manufacturer's approval, the pad can be used on surfaces including PVC, natural stone, terrazzo, marble, granite and ceramic tiles.
